Morrissey, Kirsten Jensen, 2005-10-01 As cultural documents as works of art and as historical records photographs of 1930s Arizona tell a remarkable story They capture enduring visions of the Depression that linger in cultural memory dust storms Okies on their way to California breadlines and ramshackle tent cities They also reflect a more particular experience and a unique perspective This book places the work of local Arizonans alongside that of federal photographers both to illuminate the impact of the Depression on the state s distinctive racial and natural landscapes and to show the influence of differing cultural agendas on the photographic record The more than one hundred images by well known photographers such as Dorothea Lange and Laura Gilpin as well as by an array of less familiar photographers represent a variety of purposes and perspectives from public to personal political to promotional Six essays and three photo essays bring together prominent authorities in history the arts and other fields who provide diverse perspectives on this period in Arizona and American history Viewed together the words and images capture a Depression era Arizona bustling with activity as federally funded construction projects and seasonal agricultural jobs brought migrants and newcomers to the state They convey the celebrations and the struggles of commercial photographers archaeologists city folks farmers tourists native peoples and others in these hard times As the economic strains of the decade reverberated through the state local photographers documented the lives of Arizona residents including those frequently overlooked by historians As this book persuasively shows photographs can conceal as much as they reveal A young Mexican American girl stands in front of a backdrop that hides the outhouse behind her a deeply moving image for what it suggests about the efforts of her family to conceal their economic circumstances Yet this image is a perfect metaphor for all the photographs in this book stories remain hidden but when viewers begin to question what they cannot see pictures resonate more loudly than ever before This book is a history of Arizona written from the photographic record offering a point of view that may differ from the written record From the images and the insights of the authors we can gain a new appreciation of how one state and its indomitable people weathered our nation s toughest times     *Handbook of Research on Digital Tools for Writing Instruction in K-12 Settings* Anderson, Rebecca S., Mims, Clif, 2014-04-30 More emphasis is being placed on writing instruction in K 12 schools than ever before With the growing number of digital tools in the classroom it is important that K 12 teachers learn how to use these tools to effectively teach writing in all content areas The Handbook of Research on Digital Tools for Writing Instruction in K 12 Settings will provide research about how students use digital tools to write both in and out of school settings as well as discuss issues and concerns related to the use of these learning methods This publication is beneficial to educators professionals and researchers working in the field of K 12 and teacher education     Reinventing Ourselves as Teachers
