Revolutionary Demonology Gruppo di Nun,2023-04-11 An anthology of occult resistance unpredictable and fascinating at times hallucinatory sullyng politics philosophy cybertheory religion and music The End Times are here The Digital Middle Ages approaches the plague reaps its deadly harvest climate apocalypse is around the corner and fanaticism fascism and madness are rampant The idea that we might gain the upper hand over the dark abyss into which the planet is tumbling is a form of magical thinking laboring under the delusion that we can subdue eternity with relentless bloodlust brutish exploitation abuse of power and violence Revolutionary Demonology responds to this ritual of control typical of what esoteric tradition calls the Dogma of the Right Hand by reactivating the occult forces of a Left Hand Path that strives for the entropic disintegration of all creation so as to make peace with the darkness and nourish the Great Beast that will finally break the seals of Cosmic Love Unpredictable and fascinating genuinely bizarre at times hallucinatory sullyng politics philosophy cybertheory religion and music alike with its fevered touch this anthology of occult resistance collects together the communiqués of an arcane group who are already being hailed as the first morbid blossoming of Italian Weird Theory a rogue contingent of theorists witches and sorcerers who heretically remix gothic accelerationism with satanic occultism and insurrectional necromancy

*The Neurotic Turn* Charles Johns,2017-12-19 Taking their cue from the work of Charles Johns who has argued that far from being an ailment neurosis is in fact the dominant condition of our society today an array of thinkers have gathered in *The Neurotic Turn* to address the question what can neurosis tell us about our current social impasse What emerges in *The Neurotic Turn* is the awareness that the medicalization of neurosis was merely provisional Today to understand our increasingly synthetic digitized world we cannot retreat from neurosis or pretend to offer its cure Instead we must confront it dispensing with the conventional idea of reality in order to redefine it

**Neoreaction a Basilisk: Essays on and Around the Alt-Right** Elizabeth Sandifer,2017-12-10 A software engineer sets out to design a new political ideology and ends up concluding that the Stewart Dynasty should be reinstated A cult receives disturbing messages from the future where the artificial intelligence they worship is displeased with them A philosopher suffers a mental breakdown and retreats to China where he finds the terrifying abyss at the heart of modern liberalism Are these omens of the end times or just nerds getting up to stupid hijinks Por que no los dos Neoreaction a Basilisk is a savage journey into the black heart of our present eschaton We re all going to die and probably horribly But at least we can laugh at how completely ridiculous it is to be killed by a bunch of frog worshipping manchildren Featuring essays on Tentacled computer gods at the end of the universe Deranged internet trolls who believe women playing video games will end western civilization The black mass in which the President of the United States sacrificed his name Fringe economists who believe it s immoral for the government to prevent an asteroid from hitting the Earth The cabal of lizard people who run the world How to become a monster that haunts the future Why infusing the blood of teenagers for eternal youth is bad and stupid

**Theory-Fiction and Other Genres** Simon O'Sullivan, 2024-11-27 This book looks at three different kinds of writing practice theory fiction autofiction autotheory and art writing that are increasingly prevalent as genres or hybrid genres in the arts and critical humanities The chapters in the book operate as a critical survey of these new forms of writing many examples are listed whilst at the same time they each work towards some provisional definitions Some key precursors to these new genres are also identified The book explores what these new kinds of writing do What is particular to them or what do they add to those already existing styles and genres and especially the academic essay and article Key here is that each form of writing works in a performative manner or as a device that enables a shift in perspective A case is made for their urgency in relation to contemporary issues and concerns and for their importance in terms of being both from and for more marginalised communities The book concludes with a discussion of machine writing and especially our collaboration with artificial intelligence language models

**Metal Theory** Claudio Kulesko, Gioele Cima, Irene Sottile, Lorenzo Marsili, Paolo Berti, Giulia Scorsino, Nicola Zolin, Davide Tolfo, Rosalba Nodari, Milena Quaglini, 2024-06-24 I metalli sono elementi malleabili che si prestano a infiniti usi manipolazioni e ibridazioni eppure in ogni sua forma manifestazione e trasformazione il metallo rimane inconfondibile nella sua estraneità nel suo apparire alieno rispetto a noi creature organiche mortali ed effimere per questo che il metal si chiama così un genere musicale primordiale sovversivo anarchico che trova la sua essenza nel discostarsi dalla propria matrice nella rottura continua nello stridore e nella deformazione eppure rimane inconfondibile Il filosofo Mark Fisher ha definito il metal un genere saturo di metafisica Gli unici approcci possibili per accostarsi al metal sono infatti quello mistico e quello filosofico In Metal theory in nove tra autori e autrici colgono la sfida concettuale posta dal genere dionisiaco per eccellenza oltre la critica musicale oltre la concettualizzazione filosofica in un viaggio attraverso temi e immaginari inquietanti sostanze psicotrope possessioni demoniache volumi al limite del danno auricolare narrative ultraviolente deliri megalomani ed estatiche celebrazioni del male

**H.P. Lovecraft** Fabián Ludueña Romandini, 2025-05-28 El concepto de Horror nunca adecuadamente clarificado es uno de los hilos conductores de este recorrido que abarca temáticas que van desde una teoría del poder pasando por una disruptiva interpretación de los sueños y el sentido de lo real así como propone una indaga cuanto rigurosa analítica del sujeto No se han descuidado durante la pesquisa algunas de las influencias determinantes en estos mbitos como las relaciones de Lovecraft con la propia tradición filosófica así como con la ciencia pero también con el ocultismo o la teosofía La pregunta precisamente acerca de qué es la filosofía y cuál es su porvenir permea todo el recorrido De hecho se contrasta la teoría lovecraftiana del Horror con la teología política y se habilita una discusión con las interpretaciones neorreaccionarias de su obra particularmente la de Nick Land En otros términos se busca dar cuenta de Lovecraft como un escritor que ha hecho de su obra una especulación que da acceso a la pregunta por la supervivencia y el destino del cosmos y lleva a la filosofía a medirse una vez más con el Mal la Muerte y el Suicidio cosmológico En este punto la ontología analítica alcanza un vértice que la lleva a hacerse cargo de la problemática de la obsolescencia de la pregunta por

el Ser y el triunfo del Nihil como inflexible orden metafísico político que conmueve las bases de lo que entendemos acerca de  
mbitos sólo en apariencia diversos como el Mercado mundial o el concepto de Universo según aristas que se dan como tarea la  
exploración de novedosas geografías para el pensamiento ante el desafío de la Extinción
