Moore, 2017-03-14 American constitutionalism rests on premises of popular sovereignty but serious questions remain about how the people and their rights and powers fit into the constitutional design In a book that will

radically reorient thinking about the Constitution and its place in the polity Wayne Moore moves away from an exclusive focus on courts and judges and considers the following queries Who is included among the people How are the people politically configured How may the people act And how do the people relate to government and other representative structures Going beyond though not excluding relevant discussions of specific constitutional texts such as the preamble articles V and VII and the ninth tenth and fourteenth amendments Moore examines historical material from the antebellum period such as the opinions of U S Supreme Court justices in the notorious Dred Scott case and significantly different perspectives from the writings and speeches of Frederick Douglass He also looks at influential thinking from the founding period and examines precedents set during prominent controversies involving the establishment of a national bank regulations of the economy and efforts to limit sexual and reproductive choices The penultimate chapter explores issues raised by claims of state interpretive autonomy and the conclusion models various dimensions of the constitutional order as a whole The book offers fresh insights into central problems of constitutional history theory and law Originally published in 1996 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
