Seduction In Death In Death :

Seduction in Death J. D. Robb, 2001-09-01 From 1 New York Times bestselling author J D Robb comes a tantalizing novel in the futuristic In Death series as Detective Eve Dallas searches for a Casanova killer with a deadly appetite for seduction Dante had been courting his victim in cyberspace for weeks before meeting her in person A few sips of wine and a few hours later she was dead The murder weapon a rare usually undetectable date rape drug with a street value of a quarter million dollars Detective Eve Dallas is playing and replaying the clues in her mind The candlelight the music the rose petals strewn across the bed a seduction meant for his benefit not hers He hadn t intended to kill her But now that he had he is left with only two choices to either hole up in fear and guilt Or start hunting again *Critical Companion to T. S. Eliot* Russell Murphy, 2007 Best known for his works *The Waste Land* *Four Quartets* and *The Love Song of J Alfred Prufrock* T S Eliot is one of the most popular 20th century poets studied in high school and college English classes This work explores the life and works of this amazing Nobel Prize winning writer with analyses of Eliot s writing **The Sex Lives of Saints** Virginia Burrus, 2010-08-03 Has a repressive morality been the primary contribution of Christianity to the history of sexuality The ascetic concerns that pervade ancient Christian texts would seem to support such a common assumption Focusing on hagiographical literature Virginia Burrus pursues a fresh path of interpretation arguing that the early accounts of the lives of saints are not antierotic but rather convey a sublimely transgressive countereroticism that resists the marital procreative ethic of sexuality found in other strands of Christian tradition Without reducing the erotics of ancient hagiography to a single formula *The Sex Lives of Saints* frames the broad historical theological and theoretical issues at stake in such a revisionist interpretation of ascetic eroticism with particular reference to the work of Michel Foucault and Georges Bataille David Halperin and Geoffrey Harpham Leo Bersani and Jean Baudrillard Burrus subsequently proceeds through close performative readings of the earliest *Lives of Saints* mostly dating to the late fourth and early fifth centuries Jerome s *Lives of Paul Malchus Hilarion and Paula* Gregory of Nyssa s *Life of Macrina* Augustine s portrait of Monica Sulpicius Severus s *Life of Martin* and the slightly later *Lives of so called harlot saints* Queer s m and postcolonial theories are among the contemporary discourses that prove intriguingly resonant with an ancient art of saintly loving that remains in Burrus s reading promisingly mobile diverse and open ended *Reading Simulacra* M. W. Smith, 2001-09-06 Traces the ways in which our culture has increasingly become a culture of simulations and offers strategies for discerning meaning in a world where the difference between what is real and what is simulated has collapsed **Obscenity, Anarchy, Reality** Crispin Sartwell, 1996-07-03 Sartwell presents an extreme and provocative philosophy of life He explores what happens if we love this world precisely as it is with all of its pain with all of its evil with all of its bizarre and arbitrary and monstrous thereness In a highly personal and brutally direct style Sartwell explores the themes of transgressive sexuality political anarchism addiction death and embodiment The author engages contemporary and historical debates in cultural criticism metaphysics ethics and political

philosophy and expresses deep suspicions about them He asserts that scientific philosophical conceptualization is a movement toward death a rejection of reality The author engages contemporary and historical debates in cultural criticism metaphysics ethics and political philosophy and expresses deep suspicions about them He asserts that scientific philosophical conceptualization is a movement toward death a rejection of reality Moral and political values the ethical rejection of the particular precisely from within the particular are Sartwell claims an assault on human authenticity Thus transgression which is described as the affirmation of embodiment through obscenity is something we radically require Seduction in death Nora Roberts,2007 **Seduction and Death in Muriel Spark's Fiction** Phōteinē Apostolou,2001-07-30 Muriel Spark s works often consider the seductive and destructive power of social structures such as religion and education These structures lure Spark s characters with their promise of power But after entering the structure s domain to exploit the mastery it offers the characters are imprisoned by rules and codes Through a postmodern reading of Spark s works such as *The Comforters* 1957 *The Public Image* 1968 *The Driver s Seat* 1970 *Reality and Dreams* 1996 and *Aiding and Abetting* 2000 this book analyzes the role of certain social structures in her fiction The volume argues that these attractions and destructions are very much like postmodern critical games with structures that are open to any experimentation but at the same time seem fixed and unchanging Within this postmodern context one is free to play games with signs and systems of rules Spark s characters enter these games in a playful mood and test their limits The texts images and spectacles haunt their victims who are unable to escape the process of attraction and destruction The characters are eventually led to their death literal or metaphoric which will inevitably introduce them to a new beginning **Death, the One and the Art of Theatre** Howard Barker,2005 The latest collection of Barker s philosophical musings on theatre this volume includes speculations deductions prose poems poetic aperçus which cast a unique light on the nature of tragedy eroticism love theatre

Consent Pamela Susan Haag,2018-09-05 Whom over the past two centuries has society construed as sexual victims Where and when did the notion of consent so crucial for law and politics today emerge In this brilliantly insightful work Pamela Susan Haag traces the evolution of public wisdom on some of society s most private and controversial matters At once an investigation of social history popular culture legal doctrine and political theory her book shows how in contemporary America the history of sexual rights is inextricably intertwined with that of liberalism Haag examines the nineteenth century obsession with the perils of seduction and twentieth century disputes over white slavery arranged marriages interracial relationships and rape The history of heterosexual modernity and identity must she argues be viewed as a crucial component of a much larger historical narrative that of the ways in which individual freedom and citizenship have been continually redefined in American liberal culture She illuminates the development of liberalism from its classic stage that ended after the post Reconstruction era to a modern version that came to fruition with the judicial acceptance of the right to privacy Finally she shows how debates over the meaning of heterosexual consent and violence contributed to this

 idea **Baudrillard (RLE Social Theory)** Mike Gane,2014-08-21 Baudrillard is widely recognised as a powerful new force
 in cultural and social criticism and is often referred to as the High Priest of Postmodernism This study presents a detached
 assessment of his social thought and his reputation challenging the way his work has been received in postmodernism and
 proposing a new reading of his contribution to social theory Using many sources currently available only in French Mike
 Gane provides the keys to understanding Baudrillard s project and reveals the extent and scope of Baudrillard s challenge to
 modern social theory and cultural criticism He looks at the sources of Baudrillard s ideas analysing how Baudrillard has
 turned these sources against themselves He describes Baudrillard s dramatic encounter with critical Marxist theory and
 psychoanalysis showing how Baudrillard s post Marxist writings define through the exploration of fatal theory a new episode
 in cultural history a period of cultural implosion This balanced account of Baudrillard s social theory emphasises the
 originality of his work and argues that his significance can only be understood by grasping the paradoxes of his project
 Baudrillard s work is poetic yet at the same time critical and fatal *Death's Seduction (Liz Baker, #7)* Christie
