the chance to be      **The Maternal Gaze in the Gothic** Sara Williams,2025-01-27 This monograph is an original project which plots the trajectory of the maternal gaze as a convention in the Gothic It offers new directions for Gothic studies by exposing and challenging a critical and cultural myopia towards the capabilities of maternal desire and in doing so engages with a range of texts from the Romantic to contemporary literary and visual cultures to locate a tyrannical maternal gaze in the genre Compelling a seismic shift in the perception of the genre as the embodiment of patriarchy and the sexually violent male gaze this is a new and unexplored area of both the Gothic and criticism of the genre which has historically privileged the Oedipal paternal tyrant female victim dynamic established in the Romantic Gothics of Walpole and Radcliffe The monograph fills significant gaps in the Gothic academic publishing market It is the first overview of the maternal gaze in the Gothic it offers in depth studies of previously neglected authors and their works and it fundamentally changes how we see the Gothic mother figure and child both as a single entity and discrete tropes The Maternal Gaze in the Gothic examines how articulations of maternal visual tyrannies in the Gothic including kidnapping incarcerating gaslighting hurting and killing the child under the guises of protection are ignored by both the Gothic critical heritage and also feminist gaze theory This book is a must read for those interested in the Gothic and Feminism alike      **Bowker's Guide to Characters in Fiction 2007** ,2008-02      *The Whole Story* John E.
