**Havana Dreams** Pasquale De Marco,2025-07-13 Havana Dreams is a captivating journey through the vibrant city of Havana Cuba From its rich history and culture to its stunning architecture and diverse culinary scene this book offers a comprehensive exploration of this captivating city Havana is a city with a storied past Founded by the Spanish in the 16th century it quickly became a major center of trade and commerce The city s strategic location made it a target for pirates and buccaneers and it was frequently attacked and looted Despite these challenges Havana flourished and by the 18th century it was one of the wealthiest and most important cities in the Americas The 19th century brought political and social upheaval to Havana The city s residents were inspired by the ideals of the French Revolution and they began to demand reforms from the Spanish colonial government These demands eventually led to the Cuban War of Independence which lasted from 1895 to 1898 The war ended with the United States intervening on the side of the Cuban rebels and Cuba gained its independence from Spain After independence Havana continued to grow and prosper The city became a popular tourist destination and it was known for its casinos nightclubs and beautiful beaches However the Cuban Revolution in 1959 changed everything The new government nationalized all businesses and industries and it imposed strict controls on the economy As a result Havana s economy declined and the city fell into disrepair In recent years Havana has begun to experience a revival The Cuban government has loosened its restrictions on tourism and the city is once again attracting visitors from all over the world Havana is still a city with many challenges but it is also a city with a rich history culture and people Havana Dreams takes readers on a journey through this captivating city The book explores Havana s unique history culture architecture and cuisine It also provides practical information for visitors including tips on where to stay what to see and do and where to eat Whether you are planning a trip to Havana or simply want to learn more about this fascinating city Havana Dreams is the perfect book for you If you like this book write a review

Trinidad and Tobago Adventure Guide Kathleen O'Donnell,S. Pefkaros,2000 Although definitely a part of the Caribbean these two islands are unique refusing to conform with the stock Caribbean image created by glossy brochures and travel agencies They are both generous and Caribbean spirited but quite capable of going their own way This Adventure Guide takes you across the nation from mountains and hills to grasslands savannahs and palm lined beaches offering the intrepid traveler a ticket to explore Birdwatchers are drawn by the chance to see the beautiful scarlet ibis Night time excursions allow visitors to watch the

miraculous egg laying practices of the leatherback turtle And caiman smaller versions of the South s alligators are a common sight And then there s Carnival which offers wild dances fantastical costumes and frenzied revellers Whatever your reason to visit T T you have the right guide in hand Accommodations restaurants travel tips sights museums excursions it s all here A special section is dedicated to the nation s booming yachting industry with details on marinas facilities and services I wish I d had this book the first time I visited Trinidad and Tobago The book fully describes the culture of these island people and this knowledge would make a trip to these wonderful islands even more enjoyable I also believe it s a good choice for readers who can t make the trip but still want to taste the culture Amazon customer I ve been to TNT once for two weeks and am returning again in a few months I bought the book to refresh my memory and more importantly get me excited about my return trip It s a great read and as the back cover suggests it really is written for the traveler who wants to experience more than just sunbathing However once you ve been to Trindad and Tobago you discover that they are not your generic Caribbean islands Visiting Trindad and Tobago is more of a cultural vacation than an island getaway Once you step foot off the plane at Piarco airport you ll never want to leave or you ll want to go back once every year The two islands are full of charisma and O Donnell and Pefkaros do a good job of capturing this spirit in the book You really cannot be intimidated by the cultures of TNT From the street vendor corn soup to crab and dumplings down de islands Maracas Pigeon Point Speyside fried flying fish Caribs lorries maxis wining Trinidad s great bar club scene the Northern Range etc this book virtually covers all Trinidad and Tobago vacation opportunities and experiences Amazon customer An excellent take long tote as is the more adventurous Trinidad Tobago 2nd Edition by Kathleen O Donnell and Stassi Pefkaros which updates information on adventure travel with special focus on the wildlife and culture of the islands Midwest Book Review

**A Cosmopolitan Journey?** Helene Snee,2016-03-16 Does travel broaden the mind This book explores this question through an innovative sociological study of gap year travel Taking a year out overseas between school and university is an increasingly legitimate practice for young people in the UK But what do young people get out of gap years A wide range of official sources acknowledge gap years as a way of becoming a global citizen and more employable at the same time Instead of automatically assuming that gap years are a good thing this book critically considers how this contemporary rite of passage could contribute to the reproduction of structural disadvantage at both a national and international level in relation to young people s routes into education and employment and representations of difference and distinction in cultural practices The key argument running throughout the book is that well established ways of thinking about and understanding the world are used to frame gap year experiences including how other people and places are different the influence of class in determining what has cultural value and what sort of identity work is worthwhile Gap years are located at a point where a number of fields overlap education employment and the consumption of leisure travel A Cosmopolitan Journey will therefore be of interest to students academics and practitioners in these areas
