**I Am Like You!** Ali Kian,2016-02-05 When I was 18 years old I left Iran after graduating from high school to come to America to continue my education with the hope that someday I might become a physician I suffer from multiple disabilities The most troubling issue revolves around polio At the age of five I contracted polio as a result of a bad dose of the vaccine I received As an adult with a sever twisted body I have been forced to walk with a cane and stand only four feet tall Over the course of my life I ve had to deal with additional medical issues as a result of my initial infection It would be easy for me to be bitter about my situation but I have chosen a different path I ve written a short memoir which I have titled I Am Like You My hope is that my book will both inspire and encourage others with disabilities to recognize that they need not be defined or limited by whatever physical limitations they may encounter in the world Certainly my life has been a challenge but I ve chosen to remain optimistic about the limitless possibilities available to anyone who isn t ready to throw in the towel I ve tried to tell my story with a mixture of humor and pathos Additionally I think there is a unique perspective to my story Coming from a Third World country allows me to compare and contrast the differences between the treatment of the disabled in a country like America compared to how someone with my kinds of issues may be dealt with in Iran or any Third World country for that matter *The Dmv . . . Virginia suburbs to the cloistered precincts of Israel's Sephardic ultra orthodox. Along the way he experiences a cross section of Israeli life working in Israel's high tech sector and attending some of the country's most prestigious universities as well as learning and living in the ghetto like neighborhoods of the extremely religious. Many of the characters he meets religious or secular Sephardic or Ashkenazi immigrant or native born have in common with the State of Israel itself the quality of being neither here nor there caught between different worlds living in that liminal space between the suns where according to mystical lore nothing is quite real and anything is possible. And so this record of one man's time in Israel provides us with a glimpse into the conflicts between religious and secular high tech and Torah European and Arab that roil Israeli society and whose resolution will determine the fate of the Land and its people. **California Commercial Driver Handbook**, 2017
