A Table in the Presence of My Enemies Matthew Wade Umbarger, 2024-06-25 Psalm 23 the most beloved of the Psalms contains a perplexing riddle What can it possibly mean that God prepares a table in the presence of the psalmist s enemies Matthew Umbarger proposes that Psalm 23 5 makes the most sense when read according to its cultural context of prebattle covenant banquets Beginning with ancient Mesopotamian mythology Umbarger traces a conceptual trajectory of the prebattle banquet motif that reaches its zenith in the apocalyptic banquets of Second Temple Period literature and the eucharistic theology of the early church

Religious Stories in Transformation: Conflict, Revision and Reception

Alberdina Houtman, Tamar Kadari, Marcel Poorthuis, Vered Tohar, 2016-10-18 In *Religious Stories in Transformation Conflict Revision and Reception* the editors present a collection of essays that reveal both the many similarities and the poignant differences between ancient myths in Judaism Christianity Islam and modern secular culture and how these stories were incorporated and adapted over time This rich multidisciplinary research demonstrates not only how stories in different religions and cultures are interesting in their own right but also that the process of transformation in particular deserves scholarly interest It is through the changes in the stories that the particular identity of each religion comes to the fore most strikingly

The Jewish culture of the Hellenistic and early Roman periods established a basis for all monotheistic religions but its main sources have been preserved to a great degree through Christian transmission This Guide is devoted to problems of preservation reception and transformation of Jewish texts and traditions of the Second Temple period in the many Christian milieus from the ancient world to the late medieval era It approaches this corpus not as an artificial collection of reconstructed texts a body of hypothetical originals but rather from the perspective of the preserved materials examined in their religious social and political contexts It also considers the other non Christian channels of the survival of early Jewish materials including Rabbinic Gnostic Manichaeism and Islamic This unique project brings together scholars from many different fields in order to map the trajectories of early Jewish texts and traditions among diverse later cultures It also provides a comprehensive and comparative introduction to this new field of study while bridging the gap between scholars of early Judaism and of medieval Christianity *Old Testament Cosmology and Divine Accommodation* John W. Hilber,2020-04-03 In order to reconcile the discrepancies between ancient and modern cosmology confessional scholars from every viewpoint on the interpretation of the early chapters of Genesis agree that God accommodated language to finite human understanding But in the history of interpretation no consensus has emerged regarding what accommodation entails at the linguistic level More precise consideration of how the ancient cognitive environment functions in the informative intention of the divine and human authors is necessary Not only does relevance theory validate interpretative options that are inherently most probable within the primary communication situation but the application of relevance theory can also help disentangle the complexities of dual authorship inherent in any model of accommodation The results also make a salutary contribution to the theological reading of Scripture Forthcoming Books Rose Arny,2002 School Library Journal ,2003 **The Athenaeum** ,1879 "The" Illustrated London News ,1853 AB Bookman's Weekly ,1987-03
