recently arisen and how this phenomenon relates to larger changes in American culture This book written by a leading expert on the subject is the most comprehensive and authoritative examination of contemporary American conspiracism to date Barkun discusses a range of material involving inner earth caves government black helicopters alien abductions secret New World Order cabals and much more that few realize exists in our culture Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature to New Age and UFO publications to popular culture phenomena such as The X Files and to websites radio programs and more Barkun finds that America is in the throes of an unrivaled period of millennial activity His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture      **Sample and Hold** Erin
