for Young Adults with Autism Spectrum Disorder Amy Rutherford, Michelle Rigler, Emily Quinn, 2014-11-21 This practical college curriculum for students with Autism Spectrum Disorder teaches independence social and study skills that empower the student and enable academic success An ideal textbook for ASD college programs or for student self study this curriculum provides hands on help in the areas that students with ASD need it most Mobile Library Services Charles Harmon, Michael Messina, 2013-02-13 Just as Andrew Carnegie s support changed the landscape of public libraries in America Apple s launch of the iPhone on June 29 2007 forever altered how people expected to interact with services Libraries like every other kind of organization must now make their services not just their catalogs available on an array of mobile devices Mobile Library Services provides 11 proven ways to reach out to mobile users and increase your library s relevance to their day to day lives Librarians detail how they created mobile apps to how they went mobile on a shoestring budget Written by public academic and special librarians these 11 best practices offer models for libraries of every type and size

Encyclopedia of Library and Information Sciences John D. McDonald, Michael Levine-Clark, 2017-03-15 The Encyclopedia of Library and Information Sciences comprising of seven volumes now in its fourth edition compiles the contributions of major researchers and practitioners and explores the cultural institutions of more than 30 countries This major reference presents over 550 entries extensively reviewed for accuracy in seven print volumes or online The new fourth edition which includes 55 new entries and 60 revised entries continues to reflect the growing convergence among the disciplines that influence information and the cultural record with coverage of the latest topics as well as classic articles of historical and theoretical importance **Linking Theory to Practice - Case Studies for Working with College**

Students Frances K. Stage, Steven M. Hubbard, 2012-04-23 Framed by an overview of theories that guide student affairs

practice the cases in this book present a challenging array of problems that student affairs and higher education personnel face such as racial diversity alcohol abuse and student activism The revised edition has thirty new cases with content on issues that reflect the complexity of today s environment at colleges and universities including the expanded use of social networking the rise in mental health issues bullying study abroad and athletics The fully updated edition includes new references expanded theory with an increased emphasis on race ethnicity and sexual orientation and three entirely new chapters on admissions student identity and campus life An excellent teaching tool this book challenges students to consider multiple overlapping issues within a single case study Features include A two part structure that sets the stage for case study methods and links student affairs theory with practical applications Cases written by well known and respected contributors set in a wide variety of institution types and locations Over 35 complex case studies reflecting the multifaceted issues student affairs professionals face in today s college environment

News Literacy Across the Undergraduate Curriculum Amy M. Damico, Melissa M. Yang, 2024-08-08 Librarians and faculty members offer perspectives workshop initiatives and classroom strategies to assist readers in increasing news literacy on their campus We are living in a time when the evolving media ecosystem requires individuals to pay critical attention to content developing ways to make sense of information data news reports and research Undergraduate college student learners in all disciplines must possess skills to critically identify assess and challenge the ideas to which they re being exposed Both librarians and faculty know this but they may not know how to develop and implement information literacy material In this valuable collection reference librarians instructional librarians and undergraduate faculty across disciplines share best practices for establishing relationships with each other and for increasing students news and information literacy skills Contributions include perspectives on pedagogy reflections on successes and challenges and reports of research on student learning This book teaches librarians and faculty how to implement news and information literacy content across the curriculum to empower students to be smarter more critical and more engaged news consumers

Trailblazers for Whole School Sustainability Jennifer Seydel, Cynthia L. Merse, Lisa A. W. Kensler, David Sobel, 2021-12-29 What does it take to prepare students teachers and school staff to shape a just and sustainable future In Trailblazers for Whole School Sustainability you will meet educators and school leaders who are on the front lines of re imagining school through the lens of sustainability This book features inspiring stories from around the country from urban and rural schools and districts that highlight best practices and lessons learned from teachers administrators and students as they transformed their school communities for a just and sustainable future These stories are structured around a practical framework that demonstrates how this work allows schools and districts to work smarter not harder by integrating sustainability and systems thinking into leadership curriculum and instruction culture and climate and facilities and operations While each school and district s story in this book is different the passion that drives each one to embrace sustainability in everything they do from operations to curriculum remains the same Trailblazers for Whole School

Sustainability shows what is possible when educators resolve to blaze a trail to re imagine K 12 education for a just and sustainable future **Doing Youth Participatory Action Research** Nicole Mirra, Antero Garcia, Ernest Morrell, 2015-10-23 Doing Youth Participatory Action Research offers an unprecedented in depth exploration of the pragmatics and possibilities of youth driven research Drawing upon multiple years of experience engaging youth in rigorous critical inquiry about the conditions impacting their lives the authors examine how YPAR encourages the educational community to re imagine the capabilities of young people and the purposes of teaching learning and research itself Much more than a how to guide for those interested in creating their own YPAR projects this book draws upon the voices of students and educators as well as the multiple historical traditions of critical research to describe how youth inquiry transforms each step of the traditional research process From identifying research questions to collecting data and disseminating findings each chapter details how YPAR revolutionizes traditional conceptions of who produces knowledge how it is produced and for what purposes The book weaves together research policy and practice to offer YPAR as a practice with the power to challenge entrenched social and educational inequalities empower critically aware youth and revolutionize pedagogy in classrooms and communities For researchers educators community members and youth who want to connect question and transform the world collectively Doing Youth Participatory Action Research is a rich source of both pragmatic methodological guidance and inspiration

Mobile-Mindful Teaching and Learning Christina Moore, 2023-07-03 This book provides faculty and instructors with an introductory guide to integrating mobile learning in their courses Recognizing that a smartphone is the first and main piece of technology anyone owns with ownership exceeding 95% for those aged 18 29 with a sizable minority of these being smartphone dependent and that instructors are relying on technology for teaching and learning more than ever this book addresses the imperative that course materials and interactions be increasingly available through the technology that students use most often Dispelling the notion that mobile learning is for the tech savvy and adventurous mobile mindful teaching offers teachers a way to take a few steps at a time share options with students and progressively develop ideas and practices The book invites you to explore your own way into mobile learning Christina Moore stresses two principles as you engage with mobile learning intention and fluidity This begins with mindfully implementing mobile learning opportunities so that students see the usefulness of learning via phone and recognizing the fluid learning environments in which students learn so you can offer online modalities and functions appropriate to purpose and situations The book opens with a start with self section on How to Be a Mobile Mindful Learner offering ideas on exploring the almost infinite available online resources in your discipline to curate a rich and ever expanding compilation of ideas for use in your scholarly work and teaching and identifying different types of learning digital reading audio and visual learning and social learning across multiple devices and contexts to consider as you develop your course The section Toward Mobile Mindful Teaching explores ways to add mobile options to existing learning materials and how they and the LMS functions you use are rendered on a phone by taking

a mobile test drive through your course Christina Moore shows how by building up your mobile learning skills to be a more productive scholar and developing habits that feed your curiosity and creativity you can start planning how you can create fluid learning opportunities for your students they can access across devices time and space and take advantage of found moments of time and informal spaces *Smartypants Romance 2022 Sampler* Smartypants Romance,2022-10-10 This sampler provides a sneak peek of the books from our 2022 Smartypants Romance launches Read for a sneak peek of the following books Parks and Provocation by Juliette Cross Book Smart by Amanda Pennington Not Fooling Anyone by Allie Winters It Takes a Woman by Piper Sheldon Checking You Out by Ann Whynot Smart Mouth by Emma Lee Jayne Neanderthal Seeks Duchess by Laney Hatcher Worth the Wait by Karla Sorensen Not Since Ewe by Susannah Nix Lost Track by Heidi Hutchinson Play Smart by Aly Stiles Architecture and Artistry by Nora Everly Knock Out by Jiffy Kate Well Acquainted by Laney Hatcher Nature-based learning and development: Maximizing the returns on investment, volume II Catherine Jordan,Andrea Faber Taylor,Nancy M. Wells,Ming Kuo,Ulrich Dettweiler,2023-11-06 **The ABC's of College Life** Vicki Salemi,2001-11 Picture it The typical high school graduate varsity letter winner and student government guru is finally going off to college She will soon explore uncharted territory a land where loads of homework and a happening social scene rule her world It is exciting and indeed overwhelming but this teen can handle it Her anxiety is now history because she has read and thoroughly digested the inside scoop the quintessential survival guide The ABC s of College Life This street smart guide vividly describes and ultimately captures four spectacular years of learning and interactive play Defining over 500 college and common terms that take on new meaning this collegespeak dictionary spills the beans on everything from cafeteria food to co ed dorms from midterms to mixers from professors to power naps Traditions tales and pranks from countless schools are also dished out in heaping portions Finally the inside scoop wouldn t be complete without a categorized workbook to document your own experiences such as your worst laundry mishap Whether you re a freshman with first year jitters a sophomore junior or a super senior you need to relearn your ABC s for the best college experience ever *Inclusive College Classrooms* Lauren S. Cardon,Anne-Marie Womack,2022-12-27 Inclusive College Classrooms provides instructors with research based practices and tools to create an effective and inclusive classroom environment Filling a visible gap in pedagogical training this important book responds to current barriers to inclusion in higher education by helping instructors improve the methods they are already using and identify new methods that could enhance their courses The inclusive approach in this book is informed by critical pedagogy universal design for learning and intersectional social justice pedagogies The authors identify practices in education that exclude historically marginalized groups and outline teaching strategies that can create more inclusive classrooms where all students can feel heard and represented This timely volume is packed full of hundreds of example lessons from across a range of disciplines tips for moving classes online questions to generate dialogue about various methods and appendices on lesson planning With this book in hand instructors can

continually adapt and revise their pedagogy to be more inclusive and effective Chicana/o Struggles for Education Guadalupe San Miguel, 2013-06-03 Much of the history of Mexican American educational reform efforts has focused on campaigns to eliminate discrimination in public schools. However, as historian Guadalupe San Miguel demonstrates in Chicana/o Struggles for Education, activism in the community, the story is much broader and more varied than that. While activists certainly challenged discrimination, they also worked for specific public school reforms and sought private schooling opportunities utilizing new patterns of contestation and advocacy. In documenting and reviewing these additional strategies, San Miguel's nuanced overview and analysis offers enhanced insight into the quest for equal educational opportunity to new generations of students. San Miguel addresses questions such as what factors led to change in the 1960s and in later years, who the individuals and organizations were that led the movements in this period, and what motivated them to get involved, and what strategies were pursued, how they were chosen, and how successful they were. He argues that while Chicana/o activists continued to challenge school segregation in the 1960s, as earlier generations had, they broadened their efforts to address new concerns such as school funding, testing, English-only curricula, the exclusion of undocumented immigrants, and school closings. They also advocated cultural pride and memory, inclusion of the Mexican American community in school governance, and opportunities to seek educational excellence in private religious, nationalist, and secular schools. The profusion of strategies has not erased patterns of de facto segregation and unequal academic achievement. San Miguel concludes, but it has played a key role in expanding educational opportunities. The actions he describes have expanded, extended, and diversified the historic struggle for Mexican American education. **The Power of Play in Higher Education** Alison James, Chrissi Nerantzi, 2019-01-31 This book examines the increasing popularity of creativity and play in tertiary learning and how it can be harnessed to enhance the student experience at university. While play is often misunderstood as something trivial and associated with early years education, the editors and contributors argue that play contributes to social and human development and relations at a fundamental level. This volume invalidates the commonly held assumption that play is only for children, drawing together numerous case studies from higher education that demonstrate how researchers, students, and managers can benefit from play as a means of liberating thought, overturning obstacles, and discovering fresh approaches to persistent challenges. This diverse and wide-ranging edited collection unites play theory and practice to address the gap in research on this fascinating topic. It will be of interest and value to educators, students, and scholars of play and creativity, as well as practitioners and academic leaders looking to incorporate play into the curriculum.

University of Chicago, Chicago, Illinois Joshua Steinman, 2005 Provides information on the University of Chicago from the students' viewpoint. **All Subjects in Play: Play-Based Lessons for the Secondary Classroom** Amy Heusterberg-Richards, 2025-03-31 Even older students can benefit from play in the classroom, and it doesn't mean sacrificing rigor. Seasoned educator Amy Heusterberg-Richards shows teachers how embracing play in secondary classrooms can build

content refine skills and assess understanding all while inviting joy back into the classrooms of teens who often feel anxious and disfranchised about education This book describes approaches and rationale for embedding play within secondary classrooms across all disciplines Each of the 20 lessons includes research based rationales step by step instructions samples student facing directions and applications across subject areas Artificial intelligence AI incorporated ideas are also provided In a world with apathy and AI education even at the secondary level needs to embrace the ever natural always cathartic experience of playing By thoughtfully integrating play based learning we can enhance classroom management maintain academic standards cover the curriculum effectively and engage older students in meaningful ways High school learners too can laugh and create and pretend as they learn

The Alcalde, 1982-09 As the magazine of the Texas Exes The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years The Alcalde serves as an intellectual crossroads where UT s luminaries artists engineers executives musicians attorneys journalists lawmakers and professors among them meet bimonthly to exchange ideas Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater The magazine s unique name is Spanish for mayor or chief magistrate the nickname of the governor who signed UT into existence was The Old Alcalde

Straits Felipe Fernandez-Armesto, 2022-03-29 An uncompromising study of the fictions the failures and the real man behind the myth of Magellan With Straits celebrated historian Felipe Fernandez Armesto subjects the surviving sources to the most meticulous scrutiny ever providing a timely and engrossing biography of the real Ferdinand Magellan The truth that Fernandez Armesto uncovers about Magellan s life his character and the events of his ill fated voyage offers up a stranger darker and even more compelling narrative than the fictional version that has been celebrated for half a millennium Magellan did not attempt much less accomplish a journey around the globe In his lifetime he was abhorred as a traitor reviled as a tyrant self condemned to destruction and dismissed as a failure Straits untangles the myths that made Magellan a hero and discloses the reality of the man probing the passions and tensions that drove him to adventure and drew him to disaster We see the mutations of his character pride that became arrogance daring that became recklessness determination that became ruthlessness romanticism that became irresponsibility and superficial piety that became in adversity irrational exaltation As the real Magellan emerges so do his real ambitions focused less on circumnavigating the world or cornering the global spice market than on exploiting Filipino

gold Straits is a study in failure and the paradox of Magellan's career showing that renown is not always a reflection of merit but often a gift and accident of circumstance
