and global contexts and how it affects the construction of social and musical meanings in school music education as well as the reformation of music education in mainland China is discussed Based on the perspectives of school music teachers and students the findings of the empirical studies in this book address the power and potential use of popular music in school music education as a producer and reproducer of cultural politics in the music curriculum in the mainland Engaging English Learners Through Access to Standards Shelley Fairbairn,Stephaney Jones-Vo,2015-07-16 Use this six part strategy for measurable cross curricular EL achievement How can districts and schools successfully promote academic English language development through teaching content knowledge and standards based skills and abilities This thoroughly researched book provides concrete answers You ll find practical steps and ideas for developing collaborative cross curricular programs that address EL specific needs Clear tables and templates essays expert research and real life teacher and parent stories illuminate best practices for appropriate standards based instruction that gets results Using the authors six part ENGAGE Model you ll learn to Establish a shared vision for serving ELs Name the expertise to utilize within collaborative teams Gather and analyze EL specific data Align standards based assessments and grading to ELs linguistic and content development Ground standards based instruction in both content and language development Examine results to inform next steps Use this groundbreaking guide to accelerate progress and ensure effective instruction for all ELs Learning requires attention engagement and quality instruction This book provides all three necessary components in one place a model that teachers can use to ensure that their English learners achieve Douglas Fisher San Diego State University This book should be a mandatory must read for all educators as we continue to serve our diverse student populations and strive to ensure we are honestly reaching academic achievement for each and every student Michele R Dean Coordinator Ventura Unified School District A Letter to My White Friends and Colleagues Steven S.
