This new edition is being authored by a team of world experts from the estuarine science community.

**Theory of Macroeconomic Policy** Christopher Tsoukis, 2020-10-22. Theory of Macroeconomic Policy reviews the theoretical foundations of macroeconomic fiscal and monetary policy. It offers a panoramic view of macroeconomic theory covering a wide range of topics that are not customarily dealt with in macroeconomics texts, as well as more standard material. Advanced theory is bridged with more elementary or intermediate material, and established models are reviewed alongside current research directions. There is an extensive review of empirical evidence on virtually every topic, supplemented by narrative accounts for various episodes. The policy implications of the various theories are emphasised throughout. The chapters are largely self-contained so that different courses can focus at different places. A
