### Problems

#### Problem 1

Part of the capital structure decision facing the nation today is whether quality and quantity issues are equal.

#### Cost and Prevalence Considerations

- a. Many people associated a single business decision for being too costly.

For example, a company might decide to invest in a new plant, but not in a new machine.

- b. The government might decide to invest in a new plant, but not in a new machine.

However, a company might decide to invest in a new machine, but not in a new plant.
