The Holocaust, Fascism and Memory D. Stone, 2013-02-22 From interpretations of the Holocaust to fascist thought and anti fascists responses this book tackles topics which are rarely studied in conjunction This is a unique collection of essays on a wide variety of subjects which contributes to understanding the roots and consequences of mid twentieth century Europe s great catastrophe *Epistola posteritati* Karl A. E. Enenkel, Peter Liebrechts, 1998 One of the most noticeable features of the Renaissance is what Jacob Burckhardt called the rise of the individual in politics and religion in its social life and in the arts and in the mentality of Renaissance man with his inclination to explore to invent and to make new discoveries Yet this characteristic is also very puzzling to modern people who see that although the categories of art which depict particular people increased to a spectacular degree in a period when biography and portrait painting were among the most popular genres and autobiography began to emerge as a genre in itself and painters began to produce self portraits an interest individuals is not necessarily the same thing as the more recent interest in the purely personal aspects of individuals Literary and artistic traditions social and ideological backgrounds and the motives for the production of literature have changed profoundly Renaissance biography and autobiography portraiture and self portraiture have little to do with their modern counterparts Therefore this book stresses that the Renaissance is not predominantly a mirror of modernity but rather a period of stimulating difference or alterity The contributors to this collection of essays aim to create a better understanding of Renaissance biographies and portraits through the analysis and reconstruction of the traditions contexts backgrounds and circumstances of their production *Victorian Crimebeaters - the birth of law & order* , **Bitter Spring** Stanislaw G. Pugliese, 2009-06-09 One of the major figures of twentieth century European literature Ignazio Silone 1900 78 is the subject
