**Chiang Kai-shek's Politics of Shame** Grace C. Huang, 2022-03-07 Once a powerful figure who reversed the disintegration of China and steered the country to Allied victory in World War II Chiang Kai shek fled into exile following his 1949 defeat in the Chinese civil war As attention pivoted to Mao Zedong s communist experiment Chiang was relegated to the dustbin of history In Chiang Kai shek s Politics of Shame Grace C Huang reconsiders Chiang s leadership and legacy by drawing on an extraordinary and uncensored collection of his diaries telegrams and speeches stitched together by his secretaries She paints a new intriguing portrait of this twentieth century leader who advanced a Confucian politics of shame to confront Japanese incursion into China and urge unity among his people In also comparing Chiang s response to imperialism to those of Mao Yuan Shikai and Mahatma Gandhi Huang widens the implications of her findings to explore alternatives to Western expressions of nationalism and modernity and reveal how leaders of vulnerable states can use potent cultural tools to inspire their country and contribute to an enduring national identity      **The AIDS Crisis and the Modern Self** S. Rinken, 2013-04-17 In industrialized countries HIV AIDS is now increasingly perceived as a chronic condition Yet initially before combination therapy became available this pandemic was widely associated with premature or even imminent death Receiving the diagnosis typically led to a dramatic biographical disruption This highly original book turns this basic feature of life with HIV into the vantage point for a fascinating analysis of Western subjectivity Combining a host of empirical observations with the debate on the modern self the author argues that the self construction of people with HIV highlights the precarious yet indispensable status of the self in contemporary Western society Constructing one s biography in terms of self actualization is in fact a manifestation of nihilism it evokes a standard of certainty which on closer examination cannot be sustained Written in a lucid style this unique book will appeal to scholars and students in the fields of sociology social psychology social anthropology social theory and philosophy as well as anybody interested in the relationship between the self and society or the experience of living with HIV AIDS      *The Baptist* , 1921      **Electrical Review** , 1921      *JNCI, Journal of the National Cancer Institute* National Cancer Institute (U.S.), 1979      *Industrial Engineering* George Worthington, 1921      *New York Review of the Telegraph and Telephone and Electrical Journal* , 1921      **The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces** , 1921      **Railway Review** , 1921      **Railway and Engineering Review** , 1921      **Accessions List**
