of the doomed Donner Party allow readers to experience the arduous and often deadly journey of America's westward wagon trains while different kinds of spirits haunting old distilleries allow readers to discover how whiskey almost derailed the new American nation before it was born This book can be studied for academic purposes as a historical reference used as a source for classroom assignments or simply read for the pleasure of a great story      **National Geographic Guide to State Parks of the United States, 4th Edition** National Geographic, 2012-04-03 Packed with more colour photographs and detailed maps than any other parks guidebook on the market the National Geographic Guide to National Parks of the United States has been fully updated with comprehensive information and it acts as a practical guide to the crown jewels of the national parks system the 58 scenic national parks that conserve and protect the flora and fauna in some of America's last wilderness areas      **Forthcoming Books** Rose Arny, 2002      **Nevada**, 1995      **Farm Journal**, 1907      *Farm Journal and Country Gentleman*, 1906      **California.
