A More Charitable Atheism James A. Metzger, 2019-10-04 This anthology consists of fourteen topically arranged essays that explore a form of humanism characterized by epistemic humility a progressive ethical orientation as well as a respect for the positive features of religion According to recent polls more Americans find themselves uncomfortable maintaining traditional religious beliefs and moral commitments a trend driven in large part by the Millennials and one likely to continue with subsequent generations As a professor who has regular interactions with students of this generation the author has discovered that those who neither wish to affiliate with one particular religious tradition or community as perhaps their parents and grandparents did nor drop religion altogether fear that there are few if any truly attractive alternatives alternatives that would help them find meaning offer sound moral guidance and navigate life's most challenging times This book in part aims to show that both meaning and resources for crafting a philosophically sound moral compass can be found outside the sacred canopy These essays however are also the outcome of the author's own journey from mainline Protestant Christianity to secular humanism The primary catalyst for this transition was the onset of a serious autoimmune illness which forced him to confront various issues in philosophy of religion particularly the problem of suffering and evil This autobiographical component is woven into several chapters with the intention of showing that in a postmodern milieu we can no longer attribute major worldview shifts to solitary dispassionate rational inquiry Although essays have been composed in such a way that each may stand alone a feature of the book that allows readers to approach chapters in any order they choose they nevertheless have been arranged into four sections that reflect the author's personal journey Major topics include 1 Chronic Illness and the Death of God 2 Epistemic Limitations and Respect for Persons 3 A Humanist Approach to Reading the Bible and 4 Advantages of Ethical Reasoning without God **The Kpim of Feminism** Uzoma Ukagba George

Uzoma Ukagba, George Uzoma Ukagba, 2010-02 The idea behind The Kpim of Feminism was rooted in the mind of Fada Iroegbu in 2004 following a friendly but heated argument he had with Mrs Wioletta Ukagba the wife of one of the current co editors of this book who challenged Fada Iroegbu to direct his sharp brain and pen to the defence of women especially the Nigeria women who were and still are passing through various kinds of trans valuation of values economic exploitation cultural and scientific manipulations political marginalization and irredentism and various shades of sexualisation harassment exploitation and commercialization Fada Iroegbu took up this challenge to kpimize womanhood but unfortunately was unable to completely realise his dream before death struck As it is with many great and indefatigable minds or thinkers who left behind unfinished works we his friends family interlocutors well wishers men and women of good will have come together to actualize one of his felt knowledge dreams The fight for equality between women and men can sometimes not only be exaggerated but also plunged in controversy we cannot fathom The search for the truth about the relationship that ought to exist between male and female should constitute The Kpim of Feminism Dr George Uzoma Ukagba Editor University of Benin In light of the word feminism conjuring up different images to different people The Kpim of Feminism reflects the sensitivity and objectivity to the concept of feminism by scholars drawing from their fields and life experiences The book insists that women and men be encouraged to emancipate and empower one another together Dr Obioma Des Obi Editor Imo State University The Kpim of Feminism a rare harvest of academic erudition from across the globe showcases the different modalities from which issues theories and debates on feminism and other gender related polemics past present and future could be considered Dr Iks J Nwankwor Editor University of Uyo Without mincing words this book is a welcome intellectual assembly and has come out at the right time with deep critical insights and values for students researchers and public and policy issues in both local and global prospects Patrick Iroegbu Ph D The Kpim Book Project Series Coordinator Father Pantaleon Iroegbu Foundation Grant MacEwan University *Culture, Power And History* Stephen J. Transforming the Theological Turn Martin Koci,Jason Alvis,2020-10-14 Continental philosophers of religion have been engaging with theological issues concepts and questions for several decades blurring the borders between the domains of philosophy and theology Yet when Emmanuel Falque proclaims that both theologians and philosophers need not be afraid of crossing the Rubicon the point of no return between these often artificially separated disciplines he scandalised both camps Despite the scholarly reservations the theological turn in French phenomenology has decisively happened The challenge is now to interpret what this given fact

of creative encounters between philosophy and theology means for these disciplines In this collection written by both theologians and philosophers the question Must we cross the Rubicon is central However rather than simply opposing or subscribing to Falque s position the individual chapters of this book interrogate and critically reflect on the relationship between theology and philosophy offering novel perspectives and redrawing the outlines of their borderlands
