The Routledge Companion to Global Internet Histories Gerard Goggin,Mark McLelland,2017-02-17 The Routledge Companion to Global Internet Histories brings together research on the diverse Internet histories that have evolved in different regions language cultures and social contexts across the globe While the

Internet is now in its fifth decade the understanding and formulation of its histories outside of an anglophone framework is still very much in its infancy From Tunisia to Taiwan this volume emphasizes the importance of understanding and formulating Internet histories outside of the anglophone case studies and theoretical paradigms that have thus far dominated academic scholarship on Internet history Interdisciplinary in scope the collection offers a variety of historical lenses on the development of the Internet as a new communication technology seen in the context of older technologies as a new form of sociality read alongside previous technologically mediated means of relating and as a new media vehicle for the communication of content Journal of International Students 2017 Vol 7 Issue 3 (July/August) JIS Editors,2017-05-23 An interdisciplinary peer reviewed publication Journal of International Students is a professional journal that publishes narrative theoretical and empirically based research articles study abroad reflections and book reviews relevant to international students faculty scholars and their cross cultural experiences and understanding in higher education The Journal audience includes international and domestic students faculty administrators and educators engaged in research and practice in international students in colleges and universities More information on the web <http://jistudents.org> *Surviving and Thriving in Postgraduate Research* Ray Cooksey,Gael McDonald,2019-06-27 This handbook provides an in depth exploration of the entire journey of postgraduate research in the social and behavioural sciences from enrolment to its culmination in the form of a thesis dissertation or portfolio and beyond It is written in an accessible and example rich style offering practical and concrete advice in virtually all areas It also includes references to additional resources and websites and each chapter features key recommendations for improving the postgraduate research experience The book addresses not only research related aspects e g supervisors selecting your guiding assumptions contextualising framing and configuring research reviewing literature sampling writing proposals ethics and academic integrity selecting a data gathering strategy surviving your thesis dissertation portfolio examination and publishing but also questions concerning how to integrate manage and balance the research journey in the context of the postgraduate student s broader life world e g skill development and supervisor relations effective time and project management a healthy work life balance maintaining motivation and dealing with criticism The book adopts an explicitly pluralist perspective on postgraduate research moving beyond mixed methods thinking and offers concrete examples from postgraduate students real world experiences *Doctoral Students: Attrition, Retention Rates, Motivation, and Financial Constraints* Theodore Robert Regis,2019-10-22 For the past 40 years American college and university administrators have registered record low retention and high attrition rates Education experts and researchers have claimed the problems are embarrassing to the United States higher education institutions Based on the problems graduate school administrators are unable to graduate doctoral students at U S population growth rates Currently only 1% of Americans hold PhD degrees Compared to other industrialized countries such as Japan China and Mexico the rate is insignificant The purpose of the mixed methods case study was to investigate if there was a relationship between

motivation and retention rates at the doctoral level The goal of the study was to determine if extrinsic and intrinsic motivational factors and constraints were associated with persistence in a graduate doctoral program Data were collected from 193 doctoral and graduate students for the quantitative study while 20 doctoral and graduate students participated in a qualitative study followed by a thorough semi structured interview Inductive and deductive analyses were performed transcribed and opened while axial coding provided emergent themes and sub themes The research showed a direct relationship between financial implications attrition and retention rates and motivation in doctoral level students Many doctoral students believed the primary reason they were unable to pursue doctoral programs was based on financial hardship Doctoral students who responded to the survey added that motivation was the second significant variable that helped them continue their studies

Mapping actors along value chains Stein, C.,Barron, Jennie,2017-12-12 **Framed** Erin Tolley,2015-12-03 Framed is a wake up call for those who think that race does not matter in Canada Combining an empirical analysis of print media with in depth interviews of elected officials former candidates political staffers and journalists this book uncovers the connections between race media coverage and politics in Canada As Erin Tolley reveals overt racism rarely occurs in the pages of Canadian newspapers but assumptions about race and diversity often influence media coverage Consequently as reporters go about selecting which political issues and events to cover who to quote and how to frame stories to make them resonate with the public they give visible minorities less prominent and more negative media coverage than their white counterparts Visible minority politicians are also more likely to be portrayed as products of their socio demographic backgrounds as uninterested in pressing policy issues and as less electorally viable The resulting news coverage Tolley argues does much to weaken Canada s commitment to a robust inclusive democracy

Practising Social Work Research Rick Csiernik,Rachel Birnbaum,2024-06-03 Research skills are as critical to social work practitioners as skills in individual and group counselling policy analysis and community development Adopting strategies similar to those used in direct practice courses this book integrates research with social work practice and in so doing promotes an understanding and appreciation of the research process The third edition of Practising Social Work Research comprises twenty seven case studies that illustrate different research approaches including quantitative qualitative single subject and mixed methods The third edition also adopts a greater equity diversity and inclusivity focus than the previous editions Through the use of applied real life examples the authors demonstrate the processes of conceptualization operationalization sampling data collection and processing and implementation Designed to help the student and practitioner become more comfortable with research procedures Practising Social Work Research capitalizes on the strengths that social work students bring to assessment and problem solving
