*Confronting Oppressive Assessments* Walter S. Polka,John William McKenna,2016-09-14 This book is about doing what s right for public education in the United States in this age of intensive curriculum convergence planned instructional standardization and oppressive accountability procedures Information is presented about why and how educators parents

students community members and policy makers have decided to protest against current state and federal educational policies and procedures The practical experiences of parents teachers principals school superintendents school board members and professors are analyzed in chapters of this book Their first hand experiences with the various components of the current reform movement are poignantly presented Through their voices the frustrations with the serious flaws associated with this reform agenda are passionately and logically articulated They comprehensively explain their personal and professional motivations for organizing and fomenting a rethinking in school reform implementation procedures and they advocate their smarter approach to school reforms in our country The book includes key references that elucidate the need to seriously re think the directions and strategies of contemporary schooling in order to maintain enlightened creative instruction based on exciting student centered curriculum experiences and professional educational judgments The End of Public Schools David W. Hursh,2015-10-16 The End of Public Schools analyzes the effect of foundations corporations and non governmental organizations on the rise of neoliberal principles in public education By first contextualizing the privatization of education within the context of a larger educational crisis and with particular emphasis on the Gates Foundation and influential state and national politicians it describes how specific policies that limit public control are advanced across all levels Informed by a thorough understanding of issues such as standardized testing teacher tenure and charter schools David Hursh provides a political and pedagogical critique of the current school reform movement as well details about the increasing resistance efforts on the part of parents teachers and the general public **Changing Politics of Education** Michael Fabricant,Michelle Fine,2015-11-17 The authors persuasively argue that the present cascade of reforms to public education is a consequence of a larger intention to shrink government The startling result is that more of public education s assets and resources are moving to the private sector and to the prison industrial complex Drawing on various forms of evidence structural economic narrative and youth generated participatory research the authors reveal new structures and circuits of dispossession and privilege that amount to a clear failure of present policy Policymaking is at war with the interests of the vast majority of citizens and especially with urban youth of color In the final chapter the authors explore democratic principles and offer examples essential to mobilizing in solidarity with educators youth communities labor and allied social movements the kind of power necessary to contest the present direction of public education reform

Advancing Equity and Achievement in America's Diverse Schools Camille Wilson,Sonya Horsford,2013-09-05 Advancing Equity and Achievement in America s Diverse Schools illustrates how educators students families and community partners can work in strategic ways to build on social cultural and ethnic diversity to advance educational equity and achievement By drawing on the latest data on demographic change constructions of culture and cultural difference and the politics of school reform in urban rural and suburban school communities this volume looks toward solutions and strategies for meaningful educational improvement Contributors consider both the diversity of youth and families served in public schools and the

culture of U S schooling highlighting the influence of policy and reform agendas students identities and agency experiences and approaches of diverse educators and the workings of effective school partnerships Chapters also focus on those often overlooked in educational scholarship such as Native Americans students experiencing poverty and or homelessness Muslim students students with special needs and students and educators who are lesbian gay bisexual transgender intersex or queer In all this edited collection stresses the need for high quality education that is inclusive culturally responsive and unifying so all students can experience academic success This book is a meaningful resource for educators policymakers and community based leaders interested in doing such transformative work

**Reframing the Subject** Kelly Ritter, 2016-01-23 Mental hygiene films developed for classroom use touted vigilance correct behavior morality and model citizenship They also became powerful tools for teaching literacy skills and literacy based behaviors to young people following the Second World War In this study Kelly Ritter offers an extensive theoretical analysis of the alliance of the value systems inherent in mental hygiene films class based ideals democracy patriotism with writing education an alliance that continues today by way of the mass digital technologies used in teaching online She further details the larger material and cultural forces at work in the production of these films behind the scenes and their effects on education trends Through her examination of literacy theory instructional films policy documents and textbooks of the late 1940s to mid 1950s Ritter demonstrates a reliance on pedagogies that emphasize institutional ideologies and correctness over epistemic complexity and de emphasize the role of the student in his or her own learning process To Ritter these practices are sustained in today s pedagogies and media that create a false promise of social uplift through formalized education instead often resulting in negative material consequences
