whether due to the changing culture the struggles of mainline churches or the changing nature of mission Interim Ministry in Action helps guide churches and their leadership through these times of change The book will guide readers step by step through the process of how and why to decide to call an interim minister the process for deciding what's next and more Each chapter concludes with exercises for readers search committees or boards to illustrate key themes and help them determine the best path forward

Finding Love Andrew Leslie Callander, 2021-02-17 What if the majority Christian view concerning the gospel is not only wrong but responsible for the rejection of Christian faith by so many today If your idea of the gospel is that God's fundamental disposition toward you is angry judgment but Jesus came to die on the cross to change God's mind about you then Andrew Callander wants you to know the truth God's fundamental disposition toward you and all humanity is eternal lovingkindness and the reason Jesus came was to change our minds about God In company with biblical scholars like David Bentley Hart contemplative activists like Richard Rohr and progressive thinkers like Brian McLaren Callander laments how centuries of Christian energy have been wasted determining and policing religious boundary lines He wants the reader to be assured that in Jesus Christ God has destroyed all barriers that stand in the way of our relationship with God Callander's key theme is that humanity is already enfolded within God's eternal love and that our great task is not to find God's love but awaken to the reality that the God of love has already found us and then apply this to our relationships with others and with creation

Preparing the Pastors We Need George A. Mason, 2012-11-06 Amid the widespread discussion about the future of the church an important point is sometimes overlooked tomorrow s church will depend to a great extent on the new pastors of today who will serve and guide our churches in the years ahead George Mason s Preparing the Pastors We Need Reclaiming the Congregation s Role in Training Clergy makes a timely intervention asking us to redefine pastoral leadership by analyzing how in fact pastors are made in the first place The book highlights an exciting development in the training of pastors pastoral residency programs and mentoring Mason demonstrates that these programs work best when the congregations themselves not just leadership or staff are an active

participant in the training In this way churches begin to reclaim their rightful role in the formation of the ministers that will serve them And at the same time they become healthier and more effective churches Mason gives us the analogy of physician training Medical school produces graduates with extensive knowledge of the body but a practicing doctor will require several more years of internship and residency Similarly our seminaries and divinity schools produce men and women with good biblical knowledge but they might not prepare a graduate for the task of helping a bereaved parishioner cope with the sudden loss of a loved one Moreover such areas as finances budgets personnel management and vocational identity are also not well suited to seminary study Mason shows that congregation based mentoring and residency are excellent ways to bridge this gap
