Trial By Fire:

Trial by Fire Scott James, 2020-10-27 In only 90 seconds a fire in the Station nightclub killed 100 people and injured hundreds more. It would take nearly 20 years to find out why and who was really at fault. All it took for a hundred people to die during a show by the hair metal band Great White was a sudden burst from two giant sparklers that ignited the acoustical foam lining the Station nightclub. But who was at fault? And who would pay? This being Rhode Island, the two questions wouldn't necessarily have the same answer. Within 24 hours the governor of Rhode Island and the local police commissioner were calling for criminal charges, although the investigation had barely begun, no real evidence had been gathered, and many of the victims hadn't been identified. Though many parties could be held responsible, fingers pointed quickly at the two brothers who owned the club. But were they really to blame? Bestselling author and three-time Emmy Award-winning reporter Scott James investigates all the central figures, including the band's manager and lead singer, the fire inspector, the maker of the acoustical foam, as well as the brothers. Drawing on firsthand accounts, interviews with many involved, and court documents, James explores the rush to judgment about what happened that left the victims and their families, whose stories he also tells, desperate for justice. **Trial By Fire** is the heart-wrenching story of the fire's aftermath because while the fire, one of America's deadliest, lasted fewer than two minutes, the search for the truth would take twenty years.

TRIAL BY

FIRE JAVIER CLEMENTE ENGONGA AVOMO, Life gives us all difficult moments, tests to overcome as obstacles on the way to an objective destination. These tests, if this is how they are perceived, are the Trial by Fire. In reality, it is a permanent trial by fire that lasts from the first day to the last of our existence. That is why there is no need to fight against life because it is as exhausting as swimming against the current. In order to know how to live, we must assume all possibilities as surmountable trials by fire and not as impossible missions and simply give up. It is very easy to give up in the face of adversity, especially when you live in an environment where true excellence is unknown and all mediocrity is accepted with honor. Being excellent is not easy; being the best is not a myth either because in reality the only adversary to fight is nothing more than oneself. The others are only observers, and if we act well with them, it is easy to expect that they will also do even better things with us, but reality is relative, and that is why these lines and this book are dedicated to those people who, even in the worst difficulties, have always been known and have come out winners. This book is for you who read and write these lines. Thank you for reading these lines. Javier Clemente Engonga 17-07-2021
