

# PROSECUTION OPENING STATEMENT

## Criminal Trial:

Your Honor, members of the jury,

Today, we gather here to seek justice for the victim, to hold the defendant, Mr. Daniel Thompson, accountable for his actions. The evidence we will present will leave no doubt that Mr. Thompson committed the heinous crime with which he is charged.

The prosecution will establish a clear and compelling narrative of events. We will prove that on the night in question, Mr. Thompson had a direct motive to harm the victim. We will present evidence of a longstanding feud between the defendant and the victim, demonstrating the animosity and ill will that fueled his actions.

Eyewitness testimonies will provide a vivid account of the events that unfolded. They will describe how Mr. Thompson, in a fit of rage, confronted the victim and engaged in a physical altercation that resulted in the victim's untimely death. These witnesses will provide credible and consistent accounts that leave no room for doubt regarding the defendant's guilt.

Moreover, the forensic evidence we will present is unequivocal. It will establish a direct link between Mr. Thompson and the crime scene. DNA evidence, fingerprints, and ballistics analysis will conclusively demonstrate his presence and his direct involvement in the perpetration of the crime. The scientific evidence will leave no room for doubt regarding the defendant's participation in the crime.

Furthermore, we will present a compelling motive for the defendant's actions. Through witness testimonies and documented evidence, we will show that the victim had information that could expose Mr. Thompson's illegal activities. This information threatened to unravel his illicit operations and ruin his reputation. The defendant's motive to silence the victim and protect his criminal enterprises will become abundantly clear.

In addition to eyewitnesses and forensic evidence, we will call upon expert witnesses who will provide professional analysis and opinions. These experts will further solidify the prosecution's case by explaining the significance of the evidence presented, the motives behind the defendant's actions, and the credibility of the witnesses.

## **Trial Opening Statement Examples:**

**The Opening Statement of the Prosecution in International Criminal Trials** Sofia Stolk, 2021-04-19 This book addresses the discursive importance of the prosecution's opening statement before an international criminal tribunal. Opening statements are considered to be largely irrelevant to the official legal proceedings but are simultaneously deployed to frame important historical events. They are widely cited in international media as well as academic texts yet have been ignored by legal scholars as objects of study in their own right. This book aims to remedy this neglect by analysing the narrative that is articulated in the opening statements of different prosecutors at different tribunals in different times. It takes an interdisciplinary approach and looks at the meaning of the opening narrative beyond its function in the legal process in a strict sense, discussing the ways in which the trial is situated in time and space and how it portrays the main characters. It shows how perpetrators and victims' places and histories are juridified in a narrative that whilst purporting to legitimise the trial, the tribunal and international criminal law itself is beset with tensions and contradictions. Providing an original perspective on the operation of international criminal law, this book will be of considerable interest to those working in this area as well as those with relevant interests in International Transnational Law, more generally Critical Legal Studies, Law and Literature, Socio Legal Studies, Law and Geography and International Relations.

Sherrod, 2019-02-08 Juries have a bad reputation Often jurors are seen as incompetent biased and unpredictable and jury trials are seen as a waste of time and money In fact so few criminal and civil cases reach a jury today that trial by jury is on the verge of extinction Juries are being replaced by mediators arbitrators and private judges The wise trial of Twelve Angry Men has become a fiction As a result a foundation of American democracy is about to vanish The Jury Crisis What's Wrong with Jury Trials and How We Can Save Them addresses the near collapse of the jury trial in America its causes consequences and cures Drury Sherrod brings his unique perspective as a social psychologist who became a jury consultant to the reader applying psychological research to real world trials and explaining why juries have become dysfunctional While this collapse of the jury can be traced to

multiple causes including poor public education the absence of peers and community standards in a class stratified racially divided society and people s reluctance to serve on a jury the focus of this book is on the conduct of trials themselves from jury selection to evidence presentation to jury deliberations Judges and lawyers believe wrongly that jurors can put aside their biases sit quietly through hours days or weeks of conflicting testimony and not make up their minds until they have heard all the evidence Unfortunately the human brain doesn t work that way A great deal of psychological research on jurors and other decision makers shows that our brains intuitively leap to story telling before we rationally analyze facts or evidence Weaving details into a narrative is how we make sense of the world and it s very hard to suppress this tendency Consequently a majority of jurors actually make up their minds before they have heard much of the evidence Judges arbitrators and mediators have similar biases The Jury Crisis deals with an important social problem namely the near collapse of a thousand year old institution and proposes how to fix the jury system and restore trial by jury to a more prominent place in American society
