## Triangles Compasses God:

**Freemasonry and the Ancient Gods** John Sebastian Marlow Ward, 1921      Finishing the Mysteries of Gods and Symbols Seven Star Hand, 2010-09-17 Here is comprehensive proof that the symbolism of many ancient texts canons and concepts is an advanced and extremely ancient spiritual and philosophical technology that predates all extant religions and mystery schools Consequently here is proof beyond disproof that all three so called Faiths of Abraham are purposeful deceptions Accordingly related esoterica mystery schools and the New Age are rife with error caused by undue reliance upon the assertions of these religions and their leaders Throughout this book I present verifiable proof that ancient sages and prophets opposed religion and wisely never trusted religious leaders As comprehensive validation of this they redundantly encoded stunning proof of why throughout pivotal symbolic narratives and related concepts The ancient sages and prophets hid vital secrets from religious leaders throughout the previous several millennia When these decoded details are compared to the history words and deeds of these religions and their leaders they finally prove the truth about many long hidden things These religions have always purposely imposed ignorance based on the deceptive recasting of earlier symbolic concepts and narratives that also expertly encoded the keys to ancient wisdom as redundant proofs of the truth Arrogant religious leaders while hypocritically lecturing others about morality have long overlooked that the ancient sages and prophets were painfully aware of their then current and future misdeeds and deceptions and patiently and expertly prepared for them      *Morals and Dogma of the Ancient and Accepted Scottish Rite of Freemasonry* Albert Pike, 2022-09-04 In *Morals and Dogma of the Ancient and Accepted Scottish Rite of Freemasonry* Albert Pike presents a profound exploration into the philosophical and ethical underpinnings of Freemasonry Written in a highly intricate literary style characterized by its use of allegory and symbolism this work dissects the moral complexities inherent in human existence drawing on various religious and philosophical traditions Pike's meticulous analysis situates Masonic teachings within a broader intellectual landscape revealing the interconnectedness of knowledge streams from ancient wisdom to contemporary moral questions This text serves as both a guide for Masonic initiates and a scholarly resource for those interested in the esoteric dimensions of Western mysticism Albert Pike a prominent 19th century American attorney and writer was deeply involved in the Masonic fraternity and its traditions His background in law philosophy and his interests in metaphysical subjects informed his approach to Freemasonry Pike's commitment to the principles of liberty and the pursuit of knowledge led him to write this comprehensive tome aiming to present a cohesive understanding of Masonic ideology transcending mere ritualistic practice His efforts came at a time when the structure of organized religion and individual spirituality were in transition making this work both timely and transcendental For anyone interested in the philosophical foundations of Freemasonry or the broader implications of moral inquiry *Morals and Dogma* is an indispensable text Pike's nuanced writing offers valuable insights not only into the Masonic tradition but also into the universal quest for ethical understanding Delve into this scholarly work to

[There Were Giants on the Earth in Those Days... and Also After That](#) Roberta Sams, 2015-01-26 What I appreciate about [There Were Giants on the Earth in Those Days and Also After That](#) is that it is not only intelligible but is enjoyable to read. It doesn't require the reader to know a lot about eschatology but provides them a learning experience as the author has done extensive research and study to uncover the mysteries of the Bible which has all the answers. It tells what is going to happen in the future. The book deals with how Lucifer was cast out of heaven when he rebelled against God and how sin first entered into the world in the garden of Eden. It shows how Satan has battled against God and His plan to provide salvation through faith in Jesus Christ. Subjects like giants in the land, the flood, false religions, Islam, secret societies, UFOs and others are discussed. The Federal Reserve and HAARP by which they are trying to control the weather, the Rapture, the new world order, the mark of the beast and the Antichrist are all dealt with according to the Word of God. I recommend the entire book be read in order to experience the benefits of the authors laborious efforts to cover the past, the present and the future of our world. [Chariots of Gods or Demons?](#) James Edward Gilmer, 2002-08-01 [Chariots of Gods or Demons](#) flies galaxies beyond traditional books on UFOs and extraterrestrials. It addresses the many puzzling issues relating to extraterrestrial visitors in a clear, enlightening and even inspiring manner. Instead of simply listing UFO sightings posing the usual questions and suggesting unsupported answers, it poses the tough questions, delivers the answers and backs them up with solid evidence. Where do UFOs come from? Why are they here? Where are their bases? These are just a few of the questions answered by this book. [Chariots of Gods or Demons](#) reveals little-known facts about extraterrestrials, the universe around us and mankind itself. Our origin and development as a species, our relationship with extraterrestrials and attitudes that limit our growth are among the topics discussed.
