Nursing is a rewarding and fulfilling career and a profession which is broad. Nurses collaborate with doctors and other multidisciplinary teams to restore, bring back to life and alleviate pain of a patient. Nurses play a wide range of roles in the health delivery system. These roles include health promotion, providing dignity and privacy, enforcing confidentiality, respecting patients' views and beliefs. Among the professional skills as I'm expected to demonstrate and practice are the following: evaluate care, time management, solve problems, prepare self and others for emotionally challenging situations as well as preparing individuals emotionally for procedures. I am expected to promote the independence, the human rights and maintain privacy and dignity of the individual.

As a professional nurse I'm expected to provide care in a warm, sensitive and compassionate manner. Break bad news to a patient/carer, act professionally and appropriately in situations where there are limits to confidentiality, and use appropriate strategies to enable patients to understand treatments and other interventions in order to give informed consent where applicable.

I have worked in a nursing home and as a result, I have acquired care skills such as assisting patients with shower, oral hygiene needs, use of hoist, infection and prevention control, health and safety, and communication. I have the ability to work as a team player.

Caring for the elderly in the past made me develop an interest in adult nursing. I have developed empathy and sympathy towards patients and my entire family as a whole. I have understood and respect other people's views, values and beliefs. The holistic care and...
