A Student's Guide Through the Great Physics Texts Kerry Kuehn, 2014-09-15 This book provides a chronological introduction to the sciences of astronomy and cosmology based on the reading and analysis of significant selections from classic texts such as Ptolemy's *The Almagest* Kepler's *Epitome of Copernican Astronomy* Shapley's *Galaxies* and Lemaître's *The Primeval Atom* Each chapter begins with a short introduction followed by a reading selection Carefully crafted study questions draw out key points in the text and focus the reader's attention on the author's methods analysis and conclusions Numerical and observational exercises at the end of each chapter test the reader's ability to understand and apply key concepts from the text *The Heavens and the Earth* is the first of four volumes in *A Student's Guide Through the Great Physics Texts* This book grew out of a four semester undergraduate physics curriculum designed to encourage a critical and circumspect approach to natural science while at the same time preparing students for advanced coursework in physics This book is particularly suitable as a college level textbook for students of the natural sciences history or philosophy It also serves as a textbook for advanced high school students or as a thematically organized source book for scholars and motivated lay readers In studying the classic scientific texts included herein the reader will be drawn toward a lifetime of contemplation

Number the Stars by Lois Lowry Rachel Tolman Terry, 2014-01-31 This homeschool literature unit study does NOT include the original book *Number the Stars* by Lois Lowry You can obtain the original book through your local library or through retailers to use in conjunction with this curriculum Grade Levels 3-7 Themes War Courage Friendship Religious Freedom Unit Projects Essay Diorama Social Studies Project World War II Dictionary Creative Writing Project Schedule 3 Schedules Included 2 Three week Schedules and 1 Two week Schedule Tolman Hall Literature Unit Studies are designed to give you the flexibility to design your own curriculum based on your children's interests while still providing a solid foundation in literature If used as designed your children will learn and understand the literary concepts essential for doing well on standardized tests such as the SAT Literature Subject Test and the ACT Reading Test Even more important Tolman Hall Literature Studies will open your students eyes to ideas concepts and deeper meanings that they may previously have skimmed over in cursory literature studies and in their reading for pleasure Each Unit Study provides background information about the author several possible unit study schedules a plot overview and individual lessons The lessons each contain a reading assignment a summary and analysis of the assignment a vocabulary lesson a reading quiz and short essay questions Depending on your needs and schedule you can customize the lessons to fit your students needs As the teacher you

can read along with your students or if you're short on time you can keep up by simply reading the summaries and analyses of each lesson which give enough information for you to discuss the assignment with your student. Many homeschooling parents teach more than one student at a time and with Tolman Hall Unit Studies you can teach the same work of literature at several grade levels. For instance you could assign the same reading to students in grades 7 and 9 but assign the 9th grader more difficult writing assignments and more mature end of unit projects. In this way your whole family can discuss the same books and authors while still meeting grade appropriate requirements. Written by Newbery Winner Lois Lowry, *Number the Stars* gives children a child-sized view of the Holocaust from the perspective of a ten-year-old Danish girl named Annemarie Johansen. When Annemarie's best friend is targeted by the Nazis, she has to step out of her comfortable world and be as brave as the Resistance fighters and mature adults around her. *Study Guide for Number the Stars by Lois Lowry*, 2001. Provides teaching strategies, background, and suggested resources, reproducible student pages to use before, during, and after reading. Cover [Number the Stars Reading Guide](#) Lisa French, 2006-08-01. Reproducible Reading Study Guides that give students the background and support they need to understand and enjoy literature. With these reading guides, your students will practice reading comprehension skills, sharpen their vocabulary, and learn to identify literary elements.
