practice tests so that you can gauge whether or not you are fully ready for your final certification. This will focus on key questions that many previous CNAs have struggled with and will focus on those areas so as to give you the best indication of whether or not you are truly ready. Reasons Why You Need This CNA Study Guide: Getting prepared for the CNA exam is no easy task. According to a recent poll, over 27% of those that take the test fail. That means those students wasted their money and their time. This can be absolutely frustrating and cause many problems in the future. Another reason having a CNA Study Guide on hand is super important is that once you become a certified nursing assistant, you will only have certification for that particular state. So if you move to another state at some point in your life, you will have to re-certify in that state. That may sound easy considering you might have done it for years before moving, however, imagine taking the driver's test again after all those years of learning how to really drive a car. You probably don't follow all of the rules, right? Well, the same can happen to a CNA. They can develop the "get it done the right way" type attitude which won't test well on the certification exam. 10 out of 10 must-haves for all CNAs: CNA Exam Cram, [Nurse Aide Exam Book for Nursing Assistants](#), 2017, [CNA Study Guide 2021-2022](#), Trivium, 2020-08-14, [CNA Study Guide 2020 and 2021](#), Test Prep Books, 2020-03-30, Test Prep Books, CNA Study Guide 2020 and 2021, CNA Exam Study Guide 2020-2021 and Practice Test Questions for the Certified Nursing Assistant Exam, 3rd Edition, Made by Test Prep Books experts for test takers trying to achieve a great score on the CNA exam.
