A Text-Book of Nursing for the Use of Training Schools, Families, and Private Students (Classic Reprint) Clara Weeks-Shaw, 2017-10-11 Excerpt from A Text Book of Nursing for the Use of Training Schools Families and Private Students This book first introduced to the public by my ever to be remembered friend Prof Edward L Youmans to whose most kind encouragement and assistance it owed its existence is now for the second time revised and brought up to date under the supervision of his niece Dr Alice C Youmans It follows the same practical lines as the earlier editions and until something more comprehensive is offered I trust will continue to be of use to nurses both amateur and professional Primarily designed for the latter class I assume that elementary acquaintance with anatomy and physiology which is now of course a fundamental part of their training The fragments of these here introduced serving for them merely the purpose of review may perhaps render the context more intelligible to the untrained majority whom also I hope to help To the whole nursing sisterhood I present it in memory of the days when I was one of them adding a reminder that About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Artistic Pedagogical Technologies: A Primer for Educators Katherine J. Janzen, Beth Perry, Margaret Edwards, 2019-09-19 Research has shown that what students desire most in the post secondary milieu is engagement As traditional forms of teaching that include lecture or PowerPoint presentations no longer adequately engage today's technology adept students educators may find themselves at a loss for where to locate teaching strategies which both engage students and are tried and tested in an actual classroom setting This

book does just that It provides a critical look at not only what is lacking in today s classrooms to promote engagement but actual solutions and strategies to help nurse educators as they prepare to teach Artistic Pedagogical Technologies were first envisioned by Dr Beth Perry in 2005 while over twelve years of research confirms that these arts based teaching strategies actually work As theory based topics can be among the most difficult to engage students included in this book are selected lesson plans that have been employed in actual classrooms In total thirty five strategies are provided that can be utilized in a variety of classroom settings and applied to various nursing topics Students as part of the human family have an innate need to be creative This creativity can display itself within Artistic Pedagogical Technologies as a melding of technology edutainment and play The strategies in Artistic Pedagogical Technologies A Primer for Educators have changed the classroom life of the authors as educators and they can change your teaching too A Text-book of Nursing ,1893
