Re-Awakening Dr. Lumumba Umunna Ubani,2011-01-17 The need for Afrikan mind regeneration and spiritual reawakening A people who have lost these two principal inner qualities of mind can hardly find their through selves in life This book is an attempt to begin the processes of African self rediscovery The ending of slavery and colonialism removed only our physical agony but the trauma of long and extended torture left deep rooted anguish within the psyche of African race The effects of this imprint legacy will continue until we start addressing these negative effects In an effort to do this the book has provided several suggestions Some of the program are being provided at the Institute of Mind Talk Afrika [Introduction to New and Alternative Religions in America](#) William M. Ashcraft,Eugene V. Gallagher,2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of

groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more **Contemporary Esotericism** Egil Asprem,Kennet Granholm,2014-09-11 The study of contemporary esoteric discourse has hitherto been a largely neglected part of the new academic field of Western esotericism Contemporary Esotericism provides a broad overview and assessment of the complex world of Western esoteric thought today Combining historiographical analysis with theories and methodologies from the social sciences the volume explores new problems and offers new possibilities for the study of esoterica Contemporary Esotericism studies the period since the 1950s but focuses on the last two decades The wide range of essays are divided into four thematic sections the intricacies of esoteric appeals to tradition the role of popular culture modern communication technologies and new media in contemporary esotericism the impact and influence of esotericism on both religious and secular arenas and the recent de marginalization of the esoteric in both scholarship and society *Preventive Therapy in Complimentary Medicine* Lumumba Umunna Ubani,2011-07-05 This marvelous new book encourages natural prevention treatment and healing It is brilliant and comprehensive journal The core focus of this most important volume is to liberate humankind from the pain and suffering of ill health It is carefully written to guide men and women from all facets of society who are presently engaged in complementary medicine freeing them from the limitations of synthetic and toxic applications of mainstream medical practice trends Dr Ubani s extensive knowledge and authentic expertise of natural medicine homeopathy African photo medicine nutrition and dietary therapy is compounded in this spectacular revelation These will educate the practitioners and laymen alike about the momentous necessity and importance of preventive therapy in our lives **Survival Strategies for Africans in America** Anthony T.
