Dave Warwak chronicles his trials and pursuits to teach humane education to his middle school art students against his principal's orders. Complete with actual documentation of State of Illinois courtroom proceedings, Warwak presents compelling arguments about the human condition as he draws open the curtain hiding society's ills. Just as Scopes changed the landscape of education with his Monkey Trials some 80 years ago, Warwak has come forward in present day with striking revelations about our current failing educational system and offers clear, no-nonsense solutions that chill one to the bone.
