New Frontiers in Offender Treatment Elizabeth L. Jeglic, Cynthia Calkins, 2018-11-16 This book reviews how new and promising evidence based interventions are being used with those involved in the criminal justice system While there has been an increased emphasis on evidence based practice within forensic treatment there remains a disjoint between what we know

works and adapting these interventions to those involved in the criminal justice system This book seeks to bridge that gap by providing an overview of what we know works and how that information has been translated into offender treatment In addition it highlights avenues where additional research is needed This book is comprised of three parts In the first part current models of correctional treatment including the Risk Needs Responsivity Model The Good Lives Model and Cognitive Behavioral Models are presented In the second part the chapters address clinical issues such as the therapeutic alliance clinician factors and diversity related issues that impact treatment outcome In the third and final part of the book adaptations of innovative and cutting edge evidence based treatments such as Dialectical Behavior Therapy Trauma Informed Care Mindfulness Motivational Interviewing Assertive Community Treatment Multisystemic Treatment New frontiers in Intimate Partner Violence treatment and the current research on the treatment of those with psychopathy are presented Research supporting these treatment approaches targeting areas such as self management psychological well being treatment engagement and retention and their relationship to recidivism will be reviewed while their adaptation for use with forensic populations is discussed The book concludes with the editors summary of the findings and a discussion of the future of evidence based interventions within the field of forensic psychology *Evidence-Based Skills in Criminal Justice* Pamela Ugwu-dike, Peter Raynor, Jill Annison, 2018-12-12 How can evidence based skills and practices reduce re offending support desistance and encourage service user engagement during supervision in criminal justice settings How can those who work with service users in these settings apply these skills and practices This book is the first to bring together international research on skills and practices in probation and youth justice while exploring the wider contexts that affect their implementation in the public private and voluntary sectors Wide ranging in scope it also covers effective approaches to working with diverse groups such as ethnic minority service users women and young people **The End of Policing** Alex S. Vitale, 2021-12-07 The best selling bible of the movement to defund the police in an updated edition Urgent provocative and timely The End of Policing will make you question most of what you have been taught to believe about crime and how to solve it James Forman Jr author of Locking Up Our Own The massive uprising that followed the police killing of George Floyd in the summer of 2020 by some estimates the largest protests in US history thrust the argument to defund the police to the forefront of international politics That case had been put persuasively a few years earlier in The End of Policing by Alex Vitale now a leading figure in the urgent public discussion over policing and racial justice The central problem Vitale demonstrates is the dramatic expansion of the police role over the last forty years Drawing on firsthand research from across the globe he shows how the implementation of alternatives to policing such as drug legalization regulation and harm reduction instead of the policing of drugs has led to reductions in crime spending and injustice This updated edition includes a new introduction that takes stock of the renewed movement to challenge police impunity and shows how we move forward evaluating protest policy and the political situation **Official Report** American Association of School Administrators, 1907

The SAGE Handbook of Social Work Research Ian Shaw, Katharine Briar-Lawson, Joan Orme, Roy

Ruckdeschel, 2009-11-27 This is an ambitious book. It aims at nothing less than a comprehensive account of the state of the art of social work research internationally and an intellectually original statement that will help to define and shape social work research. Those with a serious interest in social work research will agree that this is a major undertaking and one that should put social work research on the map. Ian Sinclair, University of York, UK. This terrific Handbook provides an essential map for navigating the complex currents of social work research today. It resists polemical and simplistic binaries to chart a course that emphasizes diversity, pluralism, and sensitivity to political contexts in many featured exemplars. As key chapters note, inherent tensions at the heart of social work itself are mirrored in current debates about the purposes and methods of social work research. Rather than patch over differences, the volume invites us to understand historical roots of unresolvable tensions and live with them. The international scope of the volume is unique: scholars from more than a dozen different countries were involved, and its broad scope counters the tendency toward parochialism of much North American literature. The Handbook should be essential reading for students and academics. Catherine Riessman, Boston University, USA. The SAGE Handbook of Social Work Research provides a comprehensive internationally focused account of leading social work research, offering an original and defining statement on contemporary theory and practice within the field. The groundbreaking Handbook engages critically with the nature and role of social work research and evaluation in contemporary societies around the globe and asks four key questions: What is the role and purpose of social work research? What contexts shape the practice and purpose of social work research? How can we maximise the quality of the practice of social work research? How can the aims of social work in its varied domains be met through social work research? Ranging over local, national, and international issues and exploring questions of theory and practice, this is a diverse and constructively organized overview of the field. It will quickly be recognized as a benchmark in the expanding field of social work research, setting the agenda for future work in the arena.
