focuses on the renewal of ecclesiology in Roman Catholic theology in the early twentieth century represented by Romano Guardini Odo Casel and Henri de Lubac Outlining how the present turn to the church can be seen as promising the volume provides readers with a sketch of how a church centred theology might assist the church in inhabiting an increasingly post Christian world The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial CC BY NC 4.0 license
