Advanced Math 8 Syllabus

Expectations

FOLLOW ALL SCHOOL RULES!

Be prepared for class everyday! Textbook, notebook, homework, pencil, calculator, and student agenda are needed everyday.

Be on time! Anyone not in the classroom when the bell rings is tardy. **Any student tardy for class 3 times will receive a lunch detention.**

Homework is to be completed every night it is assigned!

Participate in class! Notes are to be taken each day carefully and completely. Make sure you ask questions and answer questions when called upon.

Be respectful! Listen when the teacher or other students are talking. Do not speak when others are talking. Always refer to others in a respectful manner.

Students will **not** be permitted to wait at the door at the end of class. There will be certain days students will be permitted to change seats and work with others.

Textbooks should be covered at all times. Points will be deducted for an uncovered textbook.

If at any time a student fails to understand the work being covered, it is their responsibility to seek extra help. Extra help will be provided during F.I.R.E period. Before and after school help can also be arranged.

Supplies

A scientific calculator is required! Prices range from \$5-\$20.

A graphing calculator can be used in this class in preparation for high school math classes. Prices range from \$100-\$150.

A notebook, kept separate from all other classes, is required. This notebook will be used for daily notes.

A loose-leaf folder with pockets, kept separate from all other classes, is required. This folder will be used to keep worksheets, important handouts, quizzes, tests, **this syllabus**, and any other handouts. **Nothing is to be thrown away from this course.**

Pencil: Failure to use pencil will result in 1/4 credit on any homework, quizzes, tests, or any other assignment. There will be certain times when students will be instructed to use a pen to grade or correct assignments. Otherwise, **Always Use A Pencil. (Make sure both a pencil and a pen are brought to class!)**

Colored pencils are not required. However, they might be rewarding to have in class.

Homework

Homework is a vital part of any math class. Students learn math by doing sample problems, not by merely watching the teacher.

Most homework assignments will be graded with completion points. Wrong answers will not count against students as long as effort to complete the assignment has been made.
