*Tide* ,1950 44th Publication Design Annual ,2009 *Beautiful TV* Greg M. Smith,2009-03-06 During its five year run from 1997 to 2002 the popular TV show Ally McBeal engaged viewers in debates over what it means to be a woman or a man in the modern workplace how romance factors into the therapeutic understanding of relationships what value eccentricity has and how much oddity society should tolerate and what utility fantasy has in the pragmatic world In addition to these social concerns however Ally McBeal stood out for being well constructed narratively complex and stylistically rich in short beautiful TV Starting from the premise that much of television today is drop dead gorgeous and that TV should be studied for its formal qualities as well as its social impact Greg M Smith analyzes Ally McBeal in terms of its aesthetic principles and narrative construction He explores how Ally s innovative use of music special effects fantasy sequences voiceovers and flashbacks

structures a distinctive fictional universe while it also opens up new possibilities for televisual expression Smith also discusses the complex narrative strategies that Ally's creator David E. Kelley used to develop a long running storyline and shows how these serial narrative practices can help us understand a wide range of prime time TV serials By taking seriously the art and argument of Ally McBeal Beautiful TV conclusively demonstrates that aesthetic and narrative analysis is an indispensable key for unlocking the richness of contemporary television Television Program Master Index Charles V. Kercher, 2010-06-15 We live in a time much like the postwar era A time of arch political conservatism and vast social conformity A time in which our nation's leaders question and challenge the patriotism of those who oppose their policies But before there was Jon Stewart Al Franken or Bill Maher there were Mort Sahl Stan Freberg and Lenny

Bruce liberal satirists who through their wry and scabrous comedic routines waged war against the political ironies contradictions and hypocrisies of their times *Revel with a Cause* is their story Stephen Kercher here provides the first comprehensive look at the satiric humor that flourished in the United States during the 1950s and early 1960s Focusing on an impressive range of comedy not just standup comedians of the day but also satirical publications like MAD magazine improvisational theater groups such as Second City the motion picture *Dr Strangelove* and TV shows like *That Was the Week That Was* Kercher reminds us that the postwar era saw varieties of comic expression that were more challenging and nonconformist than we commonly remember His history of these comedic luminaries shows that for a sizeable audience of educated middle class Americans who shared such liberal views the period's satire was a crucial mode of cultural dissent For such individuals satire was a vehicle through which concerns over the suppression of civil liberties Cold War foreign policies blind social conformity and our heated racial crisis could be productively addressed A vibrant and probing look at some of the most influential comedy of mid twentieth century America *Revel with a Cause* belongs on the short list of essential books for anyone interested in the relationship between American politics and popular culture     *Horror Stars on Radio* Ronald L. Smith, 2010-03-08 This book chronicles the radio appearances of all prominent classic horror movie stars Boris Karloff Bela Lugosi Peter Lorre Vincent Price and two dozen more including scream queens like Fay Wray It contains script excerpts from radio shows as well as material from narrated albums and music singles Each star's appearances are listed by show and air date with descriptions of the subject matter
