Romano Ph. D., 2010-11-11 There is no available information at this time      *Captives* Jarrod Shanahan, 2022-05-17 The definitive history of America's most notorious jail and the violent rise of New York City's law and order movement *Captives* combines a

thrilling account of Rikers Island's descent into infamy with a dramatic retelling of the last seventy years of New York politics from the vantage point of the city's jails. It is the story of a crowded field of contending powers: city bureaucrats and unions, black power activists and guards, crooked cops and elected leaders struggling for power and influence; a tale culminating in mass incarceration and the triumph of neoliberalism. It is a riveting chronicle of how the Rikers Island of today and the social order it represents came to be. Conjuring sweeping cinematic vistas, *Captives* records how the tempo of history was set by bloody and bruising clashes between guards and prisoners, between rank and filers and union bosses, between reformers and reactionaries, and between police officers and virtually everyone else. Written by a one-time Rikers prisoner, *Captives* draws on extensive archival research, decades of journalism, interviews, prisoner testimonials, and firsthand experience to deliver an urgent intervention into our national discussion about the future of mass incarceration and the call to abolish prisons. The contentious debate about the future of the Rikers Island penal colony rolls onward, and *Captives* is a must-read for anyone interested in the island and what it represents.

A unique insider perspective of daily life in New York City's most notorious house of correction. While most people behind bars at Rikers Island are detainees awaiting the settlement of their cases, a smaller population have already been convicted and are serving sentences deemed too short for the state prison system. These stints are called city time. The sentences range from a few days to a year and are generally served within large open dormitories lacking in privacy and sanitation. Within these spaces, incarcerated people reproduce an elaborate set of rules, rituals, and relationships as a means both of survival and of giving meaning to the time taken from them. Written by David Campbell and Jarrod Shanahan, who both served sentences at Rikers, *City Time* reflects its authors' personal experiences and observations of short-stay incarceration to present a nuanced and vivid account of a social world kept locked away from the public eye. The authors reconstruct the daily realities of sanitation, nourishment, recreation, work, and other necessary activities and emphasize the complex interpersonal relationships that emerge in response to city time. Simultaneously, they paint a grim and urgent picture of structural racism, class violence, and the disastrous lack of mental health and substance abuse resources for poor New Yorkers who are shuttled in and out of city time sentences as frequent flyers. Beginning with the authors' own processes of intake and ending with the ritual of late-night release, *City Time* takes readers behind the splashy headlines to depict, in intimately human terms, the rich and variegated social world unfolding at this very moment on Rikers Island.
