Sustainable Development in Africa Walter Leal Filho, Rudi Pretorius, Luiza Olim de Sousa, 2021-07-09 This book serves

the purpose of documenting and promoting African experiences on sustainable development which encompasses both formal and non formal education Sustainable development is very important to Africa but there is a paucity of publication which documents and promotes experiences from African countries Due to their complexity the interrelations between social economic and political factors related to sustainable development especially at universities need to be better understood There is also a real need to showcase successful examples of how African institutions are handling their sustainability challenges It is against this background that this book has been produced It is a truly interdisciplinary publication useful to scholars social movements practitioners and members of governmental agencies and private companies undertaking research and or executing projects focusing on sustainability from across Africa As African nations strive to pursue the UN Sustainable Development Goals it is imperative to cater for the information needs seen across the continent and foster the dissemination of experiences and case studies which may support both on going and future efforts The scope of the book is deliberately kept wide and we are looking for contributions across the spectrum of sustainable development from business and economics to arts and fashion administration environment languages and media studies **Frailty** Jorge G. Ruiz, Olga Theou, 2024-05-28 This book offers a thorough examination of frailty covering its complexity through sections on foundational concepts pathogenesis research assessment methods management strategies care settings its relation to other chronic conditions and societal implications It provides a deep understanding of frailty s scientific basis advanced assessment tools innovative management and prevention approaches and examines frailty within diverse care settings and in relation to other health conditions By integrating multidisciplinary insights it presents a holistic view of frailty addressing its clinical societal and policy related aspects aiming to enhance well being and inform clinical practitioners educators and policymakers This book can serve as a reference guide with up to date information on frailty in older adults for geriatric medicine physicians primary care clinicians geroscience researchers nurses therapists OT PT ST and social workers **The Rough Guide to South Africa, Lesotho & Swaziland** Rough Guides, 2015-02-02 The Rough Guide to South Africa is the definitive guide to one of the world s most fascinating and varied countries Now available in PDF format With accommodation listings that range from the most sumptuous safari lodges to cheap and cheerful backpacker lodges in stunning coastal positions there s something for every budget In depth coverage on South Africa s many nature reserves is complemented by an illustrated wildlife guide to help you make the most of your time on safari Whether you want to explore the country s big sights from the wilds of Kruger National Park and the best spots for whale watching to Cape Town s vibrant dining scene or to uncover its many hidden gems such as the dramatic desert scenery of the Richtersveld The Rough Guide to South Africa is your indispensable travelling companion Make the most of your time on Earth™ with The Rough Guide to South Africa **Indigenous Knowledge and Climate Governance** Eromose E. Ebhuoma, Llewellyn Leonard, 2022-06-04 This book investigates indigenous knowledge systems IKS in sub Saharan Africa thereby highlighting its role in facilitating adaptation

to climate variability and change and also demystifying the challenges that prevent it from being integrated with scientific knowledge in climate governance schemes Indigenous people and their priceless knowledge rarely feature when decision makers prepare for future climate change This book showcases how Indigenous knowledge facilitates adaptation to climate change including how collaborations with scientific knowledge have cascaded into building people s resilience to climatic risks This book also pays delicate attention to the factors fueling epistemic injustice towards Indigenous knowledge which hampers it from featuring in climate governance schemes across sub Saharan Africa The key insights shared in this book illuminate the issues that contribute meaningfully towards the actualisation of the UN SDG 13 and promote mechanisms for raising capacity for effective climate change related planning and management in sub Saharan Africa **150 Years of**

Pymont Peninsula Colin F. Fowler,2017-11-30 St Bede s Catholic Church in Pymont Street is the oldest continuously functioning church on the Pymont peninsula The Sydney Morning Herald article on the laying of the foundation stone 7 2 1867 stated that when completed the new church would be a very neat and elegant structure **The Use and Abuse of the Spirit in Pentecostalism** Mookgo S. Kgatle,Allan H. Anderson,2020-11-29 This book is a pneumatological reflection on the use and abuse of the Spirit in light of the abuse of religion within South African Pentecostalism Both emerging and well established scholars of South African Pentecostalism are brought together to reflect on pneumatology from various approaches which includes among others historical biblical migration commercialisation of religion discernment of spirits and human flourishing From a broader understanding of the function of the Holy Spirit in different streams of Pentecostalism the argument is that this function has changed with the emergence of the new Prophetic churches in South Africa This is a fascinating insight into one of the major emerging worldwide religious movements As such it will be of great interest to academics in Pentecostal Studies Christian Studies Theology and Religious Studies as well as African Studies and the Sociology of Religion Contemporary Development Issues in Nigeria Olayinka Akanle,A.O. Olutayo,A.O.

Omobowale,2015-04-01 Africa today confronts and is known for daunting developmental challenges despite the abundant human and material resources and significant global development assistance A number of issues have been identified as causes of the continent s poor development performance However a number of these implicated issues have been insufficiently unaccounted for and the majority of existing analysis on them is too generic and misinformed Against this background this book uses Nigeria as an example to contribute knowledge and informed research to the wider African continent Nigeria is the most populous nation in Africa and is one of the continent s most resource endowed countries but despite this it is one of the poorest countries in the entire world While many studies have examined the country in depth its continued development complications and its paradoxical status on the world stage suggest that there is still a need to better understand the country Even though the issues of Nigeria are engaged with directly in this book the findings have implications and relevance for the rest of the continent and many other developing countries in general As such this book will

be of particular interest to all development students scholars practitioners and policy makers especially those interested in the sustainable development of Africa both now and in the future Mission, Science, and Race in South Africa Keith Snedegar, 2015-09-17 This is a biographical study of Alexander William Roberts a Free Church of Scotland missionary educator who in 1883 was posted to the Lovedale Institution at Alice South Africa Inspired by the night sky of the southern hemisphere Roberts became a leading observer of variable stars and an early contributor to the theory of close interacting binary stars He actively promoted the development of colonial scientific culture and was elected president of the South African Association for the Advancement of Science in 1913 His teaching career at Lovedale fostered a commitment to the interests of his African students and their communities In 1920 Roberts was appointed to the South African senate to represent native Africans he also served as senior member of the Native Affairs Commission Despite his liberal instincts he acquiesced to the movement toward racial segregation as advanced in the Natives Urban Areas and Native Administration Acts Roberts nonetheless militated against the erosion of the Cape non racial franchise rights he resigned from the Native Affairs Commission just as the all white parliament was poised to remove Africans from the common voters roll His engagement with the politics of race interfered with Roberts s astronomical research Although he published nearly one hundred papers in scientific journals most of his observational data remained unknown until the Boyden Observatory s Roberts archive was digitized in 2006 His influence as a mission educator also has been little known although among his pupils were journalist and academic D D T Jabavu the physician James Moroka and Swazi king Sobhuza I
