**From Here To The Streets** Joseph L. Chiappetta Jr., 2012-11-27 The corrections employee who inspired me to design this book knew what most of you reading this already know that the only hope that more than 90 percent of incarcerated inmates nationwide have for not returning to prison is steady employment There are numerous books on this subject already and most of them say the same things It s also fair to say that most are accurate This course doesn t try to reinvent the wheel so to speak but instead gives a step by step guide for preparing and facilitating a prerelease employability class in a corrections environment Prison inmates are for the most part challenged with a wide variety of social dysfunctions Educational backgrounds vary as well It is critical to make the prerelease employability class both user friendly and student specific for the challenges presented by the prison itself Ultimately it s up to an individual whether or not he or she chooses to succeed or improve the quality of their life The key is to make this goal in life attainable and realistic to the students thus encouraging them to make that choice Remember that even the best plans in the world are nothing without

good people to carry them out If you re planning to teach or assist in a corrections prerelease employability course you must understand and believe in its benefits Not only believe but also participate by sharing your own personal experiences and opinions to the extent that policy allows Only by interacting with the class on a more personal level will you get the respect and trust of your students By operating in this capacity you become as important an asset to the course as the written material itself The results of your efforts will be reflected in the future success stories from your students Best 143 Business Schools Nedda Gilbert, Princeton Review (Firm), 2004 Our Best 357 Colleges is the best selling college guide on the market because it is the voice of the students Now we let graduate students speak for themselves too in these brand new guides for selecting the ideal business law medical or arts and humanities graduate school It includes detailed profiles rankings based on student surveys like those made popular by our Best 357 Colleges guide as well as student quotes about classes professors the social scene and more Plus we cover the ins and outs of admissions and financial aid Each guide also includes an index of all schools with the most pertinent facts such as contact information And we ve topped it all off with our school says section where participating schools can talk back by providing their own profiles It s a whole new way to find the perfect match in a graduate school **Business Writing** Wilma Davidson, 1994-08-15 Includes techniques for writing memos letters reports and e mail that get results *Life Skills Curriculum: ARISE Four Wheel Drive for the Mind, Book 3: Networking, Jobs & Money (Instructor's Manual)* ARISE Foundation Staff, 2011-07 ARISE Four Wheel Drive Networking Jobs and Money is brimming with old fashioned budgeting skills that help students practice making sound financial decisions Topics include opening a bank account building a support system networking interviewing finding a job and many more
