Reinventing organizations

A Guide to Creating Organizations
Inspired by the Next Stage of Human Consciousness

Reinventing Organizations Frederic Laloux

Geoff Boyce

Reinventing Organizations Frederic Laloux:

Reinventing Organizations Frederic Laloux, 2014 Every time humanity has shifted to a new stage of consciousness in the past it has invented a new way to structure and run organizations each time bringing breakthroughs in collaboration The organizations researched for this book have already cracked the code Their founders have fundamentally questioned every aspect of management and have come up with entirely new organizational methods This book describes in practical detail how organizations large and small can operate in this new paradigm

Reinventing Organizations Frederic Laloux, 2024-07 10 year anniversary edition of the global bestseller with a new foreword and afterword by the author The way we manage organizations seems increasingly out of date Survey after survey shows that a majority of employees feel disengaged from their companies The epidemic of organizational disillusionment goes way beyond Corporate America teachers doctors and nurses are leaving their professions in record numbers because the way we run schools and hospitals kills their vocation Government agencies and nonprofits have a noble purpose but working for these entities often feels soulless and lifeless just the same All these organizations suffer from power games played at the top and powerlessness at lower levels from infighting and bureaucracy from endless meetings and a seemingly never ending succession of change programs Deep inside we long for soulful workplaces for authenticity community passion and purpose The solution according to many progressive scholars lies with more enlightened management But reality shows that this is not enough In most cases the system beats the individual when managers or leaders go through an inner transformation they end up leaving their organizations because they no longer feel like putting up with a place that is inhospitable to the deeper longings of their soul We need more enlightened leaders but we need something more enlightened organizational structures and practices But is there such a thing Can we conceive of enlightened organizations In this groundbreaking book the author shows that every time humanity has shifted to a new stage of consciousness in the past it has invented a whole new way to structure and run organizations each time bringing extraordinary breakthroughs in collaboration A new shift in consciousness is currently underway Could it help us invent a radically more soulful and purposeful way to run our businesses and nonprofits schools and hospitals The pioneering organizations researched for this book have already cracked the code Their founders have fundamentally questioned every aspect of management and have come up with entirely new organizational methods Even though they operate in very different industries and geographies and did not know of each other's experiments the structures and practices they have developed are remarkably similar It's hard not to get excited about this finding a new organizational model seems to be emerging and it promises a soulful revolution in the workplace Reinventing Organizations describes in practical detail how organizations large and small can operate in this new paradigm Leaders founders coaches and consultants will find this work a joyful handbook full of insights examples and inspiring stories

Reinventing Organizations Frédéric Laloux, 2016-06-30 The uplifting message of Reinventing Organizations has resonated with readers all over the

world and they have turned it one conversation at a time into a word of mouth phenomenon The book has helped shift the conversation from what s broken with management today to what s possible It is inspiring thousands of organizations corporations and nonprofits schools and hospitals to adopt radically more powerful soulful and purposeful practices The book resonates widely but not everyone has time to devote to a dense 360 page management book This illustrated version conveys the main ideas of the original book and shares many of its real life stories in a lively engaging way Don t be surprised if you find it hard to put down and end up reading it almost in one sitting Welcome to the conversation on next stage organizations

SUMMARY: Reinventing Organizations: A Guide To Creating Organizations Inspired By The Next Stage Of Human Consciousness By Frederic Laloux Shortcut Edition,1900 SUMMARY - Reinventing Organizations: A Guide To Creating Organizations Inspired By The Next Stage Of Human Consciousness By Frédéric Laloux Shortcut Edition,2021-06-01 Our summary is short simple and pragmatic It allows you to have the essential ideas of a big book in less than 30 minutes By reading this summary you will learn how a new conception of the company makes it possible to reconcile work with the deepest aspirations of each individual You will also learn that each advance in the history of mankind has been accompanied by a certain conception of management the majority of employees have no interest other than financial interest in their jobs a new business model is in the process of reconciling salaried work with the aspirations of individuals the company is becoming a living organism responsive to all internal and external signals from the market and society this model is based on the autonomy of teams and the conviction that each employee must be fully himself herself in order to bring added value to the company There is a consensus that a company can only succeed if it is led by a hierarchy that decides its strategy and organizes its operations But this model is running out of steam work is no longer perceived as fulfilling and the current model of growth and over consumption is depleting the planet s resources A new organizational model is emerging that is more fulfilling more productive and more harmonious It is based on the collective intelligence and accomplishment of each individual through his or her work Buy now the summary of this book for the modest price of a cup of coffee *Meaningful Work: Viktor Frankl's Legacy for the 21st Century* Beate von Devivere,2018-05-25 This book offers meaningful work as one of the most relevant issues for 21st century workplaces and organizations seeking to develop leadership and drive positive change It uses Viktor Frankl s legacy as a scientific and philosophical pioneer while combining cutting edge research findings from the behavioural sciences organizational and management research and human resource development with outstanding examples of new work approaches of leadership from around the globe In order to respond to 21st century demands on meaningful work this book harnesses the power of living meaning values purpose and compassion in workplaces Beate von Devivere shows managers human resources experts consultants coaches medical experts students and counsellors as well as all dedicated individuals how to find meaning in their organizations their teams and individual functions and challenges bringing Viktor Frankl s approach to today s workplaces Integrating a wide range of knowledge and expertise this book
