

College Essay Example

Modern globalized world demands to keep the track of events, to have a keen sense of the pulse of the situation in global issues and flashpoints. To be on good terms with information and in order not to fall behind its vicious circle one should possess the skills of communication, being socio-active and re-act rapidly under the certain sudden circumstances. A noble wish to make the live easier has led to the fact that people lack time for creation and even for themselves. Nevertheless, this is just the broad sense. Every single invention is a tool to serve people. Progress as the headway of mankind does not suggest and does not explain people's degradation. Each single invention is the pure form of expression to the so-called ratio of a human being. So was the invention of photography.

What are the accomplishments and perspectives of the art of photography? What are the modern trends in photography? Is it connected to life as any other art-form? These are the objectives to be discussed further.

CRITICAL ART ESSAY

"The camera should be used for a recording of life, for rendering the very substance and quintessence of the thing itself, whether it be polished steel or palpitating flesh." (Weston)

The history of the photograph started in 1827. Since that time it has given "a new perspective on life and art". The style of photography varies since the "number of photographers is increasing" Almost two centuries have passed

Writing for Health Professionals Philip Burnard,2013-12-20 I try to leave out the parts that people skip Elmore Leonard This book is all about writing it is both a practical and a personal account When you write a book like this you put yourself on the line you run the risk of people reading what you have written and saying he s saying one thing and doing another You stand to break the rules that you set up quite badly That is probably not such a terrible thing besides that should be part of the process of using this book As you read it notice when rules are broken Check the phrasing the sentence and paragraph construction and see whether or not I have stuck to the rules Then see whether or not the rules would have improved the passage in question Begin to read books

as much for their style layout and general format as for their content. If you are going to write, you need to see plenty of examples of all of these things: good, bad, and indifferent. To write for some time but was always nervous of writing, so here it is: an introduction to some of the ways and means of writing. It is, as I say, personal. I hope it will be useful. A word about sexism and the writing process: I find the use of his or her and its variants clumsy.

Writing on the Edge David T. Lloyd, 2022-06-08. Complex and controversial issues have accompanied the development of English language literature in Wales, generating a continuing debate over the nature of Welsh writing in English. The main issues include the claim of some Welsh language writers to represent the only authentic literature of Wales; the question of whether or not an extended literary tradition in English has existed in Wales; the absence until fairly recently of a publishing apparatus for English language writers; the rise of a Welsh nationalism committed to preserving the Welsh language; and the question of whether English language literature in Wales can be distinguished from English literature proper. The primary impulse for the interviews with the thirteen writers and editors in *Writing on the Edge* was to explore these and other issues relating to the literary and cultural identity in Wales in the last decade. The book's title reflects these ongoing debates about the nature and direction of contemporary Welsh literature in English, which is often perceived as peripheral both to Welsh-speaking Wales and to the literary culture of England. As one of the contributors to the volume says: "This is what it is to be Welsh. It's an edge. There's no moment of life in Wales that hasn't got that edge unless you decide you're not Welsh."
