questions prepare you for the interactive question types you'll encounter on the computerized NCLEX examination. Answers and rationales for all review questions help you understand why correct answers are right and incorrect options are wrong. An Alert feature highlights key nursing concepts frequently found on the NCLEX examination. Separate chapters on pharmacology and nursing management help you focus on these areas of emphasis on the NCLEX examination. Additional practice questions raise the total to 2,020 in the book and on the companion CD. More figures, charts, and cartoons further illustrate important anatomy, procedures, and disease processes. Application and analysis questions challenge you to use your critical thinking skills and closely mirror the types of questions on the NCLEX RN examination. UNIQUE! A pediatric disorders icon makes it easy to distinguish pediatric disorders from adult disorders in chapters with system-integrated content. The detailed table of contents includes disorder headings to help you quickly find information on specific disorders within system-integrated content. *National Library of Medicine Audiovisuals Catalog* National Library of Medicine (U.S.),
