I do to the Nightingale
My heart aches and a throbber pain
My sense as though of love-sick pain
To comfort's come but feels to the dream
One ancient house and like a bird that sang
I'm not through every of the happy lot
But hear the happy in their happiness
To at their light, unguessed, sing of the stars
I'm some wild dove's lot
Of heaven's grace and random raindrops
I'm not of summer or fall - that's a sin
I for a moment of summer that has been
Cuddling me in the deep velvet earth

Reading Poetry An Introduction 2nd Edition:

Reading Poetry Tom Furniss, Michael Bath, 2013-08-16 Reading Poetry offers a comprehensive and accessible guide to the art of reading poetry. Successive chapters introduce key skills and critical or theoretical issues enabling users to read poetry with enjoyment, insight and an awareness of the implications of what they are doing. This new edition includes a new chapter on Post colonial Poetry, a substantial increase in the number of end of chapter interactive exercises and a comprehensive Glossary of poetic terms. Not just an add on, the Glossary works as a key resource for the structuring of particular topics in any individual teaching or learning programme. Many of the exercises and interactive discussions develop not only the skills of competent close reading but also the necessary confidence and experience in locating historical and other contextual information through library or internet searches. The aim is to enhance readers' literary and scholarly competence and to make it fun.

Reading poetry Peter Barry, 2016-05-16 Witty, direct and articulate, Peter Barry illustrates the key elements of poetry at work, covering many different kinds of verse from traditional forms to innovative versions of the art, such as concrete poetry, minimalism and word free poems. The emphasis is on meanings rather than words, looking beyond technical devices like alliteration and assonance so that poems are understood as dynamic structures creating specific ends and effects. The three sections cover progressively expanding areas: Reading the lines deals with such basics as imagery, diction and metre; Reading between the lines concerns broader matters such as poetry and context and the reading of sequences of poems; while Reading beyond the lines looks at theorised readings and the textual genesis of poems from manuscript to print. Reading poetry is for students, lecturers and teachers looking for new ways of discussing poetry and all those seriously interested in poetry, whether as readers or writers.
