

Chapter 12 DNA and RNA**Section 12–1 DNA (pages 287–294)**

This section tells about the experiments that helped scientists discover the relationship between genes and DNA. It also describes the chemical structure of the DNA molecule.

Griffith and Transformation (pages 287–289)

1. What did Frederick Griffith want to learn about bacteria? He wanted to learn how certain types of bacteria produce pneumonia.
2. The strain of bacteria that caused pneumonia grew into smooth colonies on culture plates; harmless bacteria produced colonies with rough edges.
3. Circle the letter of each sentence that is true about Griffith's experiment.
☒ a. Mice injected with bacteria from smooth colonies died.
☐ b. Mice injected with bacteria from rough colonies died.
☐ c. Mice injected with heat-killed bacteria from smooth colonies died.
☒ d. Mice injected with a mixture of bacteria from heat-killed smooth colonies and live rough colonies died.
4. What result from Griffith's experiment suggested that the cause of pneumonia was not a chemical poison released by the disease-causing bacteria? The mice survived after being injected with heat-killed disease-causing bacteria.
5. What is transformation? It is the process by which one strain of bacteria changes into another.
6. What hypothesis did Griffith form from the results of his experiments? Some factor, which might be a gene, was transferred from the heat-killed bacteria cells into the live cells.

Avery and DNA (page 289)

7. Is the following sentence true or false? Avery and his colleagues thought that the molecule required in transformation might also be the molecule of the gene.
true
8. Briefly describe how Avery and his group determined which molecule was most important for transformation? They treated the extract of heat-killed bacteria with enzymes that destroyed proteins, lipids, carbohydrates, and other molecules, including RNA and DNA.

Science Curriculum Topic Study Page Keeley, 2005-02-23 Without question this book will be of great value to the profession of science teaching Given today's educational landscape of standards and high stakes testing curriculum topic study is an essential piece of the puzzle Cary Sneider Vice President for Educator Programs Museum of Science Boston Discover the missing link between science standards teacher practice and improved student achievement Becoming an accomplished science teacher not only requires a thorough understanding of science content but also a familiarity with science standards and research on student learning However a comprehensive strategy for translating standards and research into instructional practice has been lacking since the advent of standards based education reform Science Curriculum Topic Study provides a systematic professional development strategy that links science standards and research to curriculum instruction and assessment Developed by author Page Keeley of the Maine Mathematics and Science

Alliance the Curriculum Topic Study CTS process can help teachers align curriculum instruction and assessment with specific research based ideas and skills The CTS process will help teachers Improve their understanding of science content Clarify a hierarchy of content and skills in a learning goal from state or local standards Define formative and summative assessment goals and strategies Learn to recognize and address learning difficulties Increase opportunities for students of all backgrounds to achieve science literacy Design or utilize instructional materials effectively Containing 147 separate curriculum topic study guides arranged in eleven categories that represent the major domains of science this book provides the tools to both positively impact student learning and develop the knowledge and skills that distinguish expert science teachers from novices **Life Science (Teacher Guide)** Dr. Carl Werner, 2018-05-17 Chapter Discussion Question

Teachers are encouraged to participate with the student as they complete the discussion questions The purpose of the Chapter Purpose section is to introduce the chapter to the student The Discussion Questions are meant to be thought provoking The student may not know the answers but should answer with their thoughts ideas and knowledge of the subject using sound reasoning and logic They should study the answers and compare them with their own thoughts We recommend the teacher discuss the questions the student s answers and the correct answers with the student This section should not be used for grading purposes DVD Each DVD is watched in its entirety to familiarize the student with each book in the course They will watch it again as a summary as they complete each book Students may also use the DVD for review as needed as they complete each chapter of the course Chapter Worksheets The worksheets are foundational to helping the student learn the material and come to a deeper understanding of the concepts presented Often the student will compare what we should find in the fossil record and in living creatures if evolution were true with what we actually find This comparison clearly shows evolution is an empty theory simply based on the evidence God s Word can be trusted and displayed both in the fossil record and in living creatures Tests and Exams There is a test for each chapter sectional exams and a comprehensive final exam for each book **Health: Teacher resource bk** Linda Brower Meeks, 1987 As For Me and My House Walter

Wangerin Jr., 2001-06-03 Most books on marriage offer ten easy steps and twenty five proven principles for achieving marital bliss But Walter Wangerin side steps such easy answers and offers us instead an intimate portrait of his own courtship and thirty two year marriage and a pastoral view of married life that inspires readers to view their own marriages with new honesty and hope Wangerin s six tasks of marriage encourages couples to better understand and happily live out the vows they made giving them tools to nurture and maintain a strong marital relationship In his endorsement Philip Yancey accurately describes this book as an enduring classic and a book of wisdom beauty compassion and piercing honesty
