Barber, 2021-03-09 Benjamin Barber is one of America's preeminent political theorists He has been a significant voice in the continuing debate about the nature and role of democracy in the contemporary world A Passion for

Democracy collects twenty of his most important writings on American democracy. Together they refine his distinctive position in democratic theory. Barber's conception of strong democracy contrasts with traditional concepts of liberal democracy especially in its emphasis on citizen participation in central issues of public debate. These essays critique the thin representation of liberal democracy and buttress the arguments presented in Barber's twelve books, most recently in his well received *Jihad vs McWorld: How Globalism and Tribalism Are Reshaping the World*. In these pieces Barber argues for participatory democracy without dependence on abstract metaphysical foundations and he stresses the relationship among democracy and civil society, civic education and culture. *A Passion for Democracy* is divided into four sections. In the first, *American Theory: Democracy, Liberalism and Rights*, Barber addresses issues of ongoing relevance to today's debates about the roots of participatory democracy including individualism vs community, the importance of consent and the irrelevance of Marxism. Essays in the second section, *American Practice: Leadership, Citizenship and Censorship*, provide a strong democracy critique of American democratic practice. *Education for Democracy: Civic Education Service and Citizenship* applies Barber's theories to three related topics and includes his much discussed essay *America Skips School*. The final section, *Democracy and Technology: Endless Frontier or End of Democracy*, provides glimpses into a future that technology alone cannot secure for democracy. In his preface Barber writes, "In these essays I have been hard on my country. Like most ardent democrats I want more for it than it has achieved despite the fact that it has achieved more than most people have dared to want." This wide ranging collection displays not only his passion for democracy but also his unique perspective on issues of abiding importance for the democratic process.

[Beyond the Classroom](#) Nanci Werner-Burke, 2014-09-19 Go beyond the walls of your classroom to build literacy and achievement. In this insightful book you'll discover how you can better meet the rigorous goals of the Common Core by opening new lines of communication with colleagues, parents and students. Each chapter centers around an action project that was designed to help teachers improve literacy by moving beyond the typical class lessons and worksheets. The projects include: A book club for families of kindergarten and first grade students to help students build foundational literacy skills; A book club designed to engage middle school students with young adult literature using digital forums; Write with your child: evenings to help parents connect with their middle school children; An instructional team's challenge to use a range of mentor texts in their classrooms; And much more. As you read each project you'll come away with ideas and inspiration that you can apply to your own teaching. By challenging yourself to connect with parents and colleagues on a deeper level you will be better able to align your work, adjust for your students and achieve your teaching goals.
