base The three of us subsequently spent many happy and productive times together planning the content priorities scale and contributions for the new edition A great tragedy then overcame us Maurice Rapin died suddenly His death deprived us of a true friend and colleague who had been an international pioneer during the development of intensive care medicine I will always remember with affection and professional pride the many hours he and I worked together in preparing the first edition of this book and also as founding editors of the now firmly established journal Intensive Care Medicine An obituary written by Warren Zapol that appeared in the journal follows the Preface
