G. Jones, R.W.

Carlson, H.S. Grütter, 2004-03-11 Given the established nature of geoscientific knowledge of the Kaapvaal craton compared to the Slave craton and given the exciting new interdisciplinary results coming from the Kaapvaal Project and from Slave craton studies scientists working on both cratons were brought together in a workshop to compare and contrast the nature of these two cratons Of the 54 papers presented at the workshop 24 are included in this volume There are clearly major similarities and differences between these two Archean cratons The crust of both was predominantly formed in the Mesoarchean Both contain crustal sections consisting of terranes of different ages welded together by Archean accretionary events Both crustal sections are underlain by lithospheric mantle sections consisting of peridotites that experienced extensive partial melt extraction between 2.9 Ga and 3.2 Ga but this is where the similarities between the cratons end One of the most striking

differences between the Slave and Kaapvaal cratons is the apparent seismic homogeneity of the Kaapvaal craton's SCLM whereas the Slave craton is seismically layered. The seismic layering in the centre of the craton correlates laterally and with depth with electrical layering and geochemical layering. Taken together, these differences suggest that SCLM formation was different for the two cratons, implying that the search for a single causative formation process is bound to fail. ***Interplay of Creativity and Giftedness in Science*** Melissa K. Demetrikopoulos, John L. Pecore, 2015-12-17. This book explores education for juvenile offenders in relation to Passages Academy, which is both similar to and representative of many school programs in juvenile correctional facilities. Examining the mission and population of this school contributes to an understanding of the ways in which the teachers think about and ultimately act with respect to their detained juveniles, students, and particularly illustrates how the tension between punishment and rehabilitation is played out in school policies and design. By calling attention to the decisions that surround juvenile detention education, the extant research concentrates on three main areas: first, the social

political and pedagogical forces that determine who enters the juvenile justice systems second how these court involved youths are educated while they are in the system and third the practical problems and the social justice issues youths encountered when transitioning back to their community schools I Hope I Don t See You Tomorrow is both heartwarming and heartbreaking its vast empathy for the students that L A Gabay teaches is edifying while its unsparing examination of the forces that push youth into detention is soul shearing Gabay is at once Tocqueville and Kozol he brilliantly guides us through the educational territory that is foreign to most of us even as he paints a searing portrait of teachers who shape lesson plans for students who must learn under impossible conditions Gabay s haunting and eloquent missive from the front lines of pain and possibility couldn t be more timely as the nation s first black president seeks to lessen the stigma of nonviolent ex offenders in our society Gabay s book confronts the criminal justice system at its institutional roots in the economic misery and racial strife of schooling that compounds the suffering of poor youth as they are contained by a state that often only pays attention to them when they are in trouble Gabay opens eyes and vexes minds with this stirring and sober account of what it means to teach those whom society has deemed utterly expendable Michael Eric Dyson author of The Black Presidency Barack Obama and the Politics of Race in America As a beneficiary of Lee Gabay and his colleague s patience discipline and compassionate teaching at the school this timely book beautifully decrypts the pedagogical framework within the juvenile justice system As America comes to term with its zeal for incarceration policymakers educators government officials parents and advocates should take advantage of this carefully written book and use it as reflection and pause as we prepare our young court involved students towards adulthood Jim St Germain Advisory counsel on President Obama s Taskforce on Police Community Relations and Mayor Bloomberg s Close to Home initiative
