**and Critical Care Nursing, Third Edition** Margaret Slota, 2018-07-28 AACN Core Curriculum for Pediatric High Acuity Progressive and Critical Care Third Edition provides content required to deliver the best care for critically ill or injured children. As acuity increases in all inpatient departments and the practice of pediatric critical care expands beyond the acute phase of illness or injury, knowledge of pediatric critical care is more essential than ever. Pediatric acute and critical care nurses find themselves handling not only their patients but care of their families and management of an interprofessional team of caregivers. With emphasis on evidence-based care and professionalism, this essential resource captures the professional role of the pediatric critical care nurse and the nurse's contributions to the process of continuous quality improvement. Ideal for pediatric critical care and acute care nurses, high acuity critical care courses, and continuing education. AACN Core Curriculum for Pediatric High Acuity Progressive and Critical Care Third Edition contains core AACN guidelines for the highest quality nursing practice. The text covers anatomic, physiologic, cognitive, and psychosocial changes that occur throughout the pediatric lifespan. Chapters are systems-focused and review developmental anatomy and physiology, clinical assessment, pharmacology, diagnostic tests, and therapeutic procedures. For each type of disease and injury, information is provided on pathophysiology, etiology, risk factors, signs and symptoms, nursing, and collaborative interprofessional management and complications. New to the Third Edition: Updated to include current patient management and the latest pediatric drug information. Contains a completely new chapter on professional nursing issues including quality, safety, communications, teamwork, work environment, and personal wellness. Provides revised case studies and review questions/answers reflecting the latest version of the CCRN Pediatric exam. Key Features: Delivers comprehensive current information for nursing students and those preparing for the CCRN Pediatric exam. Content is based on the most current standards of care, scope of practice, national guidelines, key AACN initiatives, and the AACN Certification Corporation Pediatric CCRN Test Plan. Presented in easy-to-read outline format for quick access to information. Written and endorsed by AACN and AACN-affiliated subject matter experts. Provides case studies to illustrate patient scenarios. Discusses the application of AACN's Synergy Model for Patient Care in pediatric high acuity and critical care nursing practice. Includes in-depth coverage of multisystem problems such as multiple trauma, toxicology, septic shock, and burns.
