Baker,2015-11-26 The history of the execution of women in the United States has largely been ignored and scholars have given scant attention to gender issues in capital punishment This historical analysis examines the social political and economic contexts in which the justice system has put women to death revealing a pattern of patriarchal domination and female subordination The book includes a discussion of condemned women granted executive clemency and judicial commutations an inquiry into women falsely convicted in potentially capital cases and a profile of the current female death row population [Episcopal Clerical Directory 2023](#) Church Publishing Incorporated,2023-09-19 A must have for every search Committee The Episcopal Clerical Directory is the biennial directory of all living clergy in good standing in the Episcopal Church more than 18 000 deacons priests and bishops It includes full biographical information and ministry history for each cleric [Investigating White-Collar Crime](#) Petter Gottschalk,2017-11-03 This book examines internal fraud investigations in public and private organizations It provides a theoretical framework of white collar crime and convenience theory to examine a number of case studies including some cases brought to light by the Panama Papers Investigating white collar crime is distinguished from other types of crime by concealment of the crime rather than the criminal victims who may be unaware of the crime and not directly visible to the criminal and the resources available to suspects It requires a unique strategy and a unique set of tools This work provides insight into a number of internal investigation reports that are normally not publicly available It will be of interest to researchers in criminology and criminal justice particularly with an interest in white collar crime and corruption as well as related fields such as business management economics and public administration *Criminal Investigations Today* Richard M.
