Penser l'art islamique Une Esthétique de l'Ornement:

Penser l'art islamique Oleg Grabar, Chaire de l'I.M.A., 2014-04-01 L'ouvrage reprend l'ensemble de huit conférences données en français Paris l'IMA Institut du monde arabe en 1992 Oleg Grabar pose trois questions de fond y a-t-il un art islamique et s'il existe comment expliquer sa spécificité et son unité travers les aires d'Islam et les époques La religion et en particulier l'interdit de l'image peuvent-ils rendre compte de cet art Enfin est-il possible dans le passé et aujourd'hui de parler d'un art islamique ou faut-il décrire un art iranien arabe syrien maghrébin La première partie Les contraintes examine les sources d'inspiration ou freins La deuxième partie Les créations expose les grands thèmes des arts des pays d'Islam Selon l'auteur au lieu de se référer des généralisations abusives sur l'art islamique comme le font les Occidentaux ou les musulmans intégristes il faudrait traiter l'art des pays musulmans en grands ensembles régionaux Penser l'art islamique Oleg Grabar, 1996 Ornamentet i islamisk kunst skal opfattes som et bindeled mellem kulturer der ikke umiddelbart har noget med hinanden at gøre *Volume 9: Aesthetics and Philosophy of Art* Guttorm Fløistad, 2007-03-16 The present volume is a continuation of the series Contemporary Philosophy As with the earlier volumes in the series the present chronicles purport to give a survey of significant trends in contemporary philosophy The need for such surveys has I believe increased rather than decreased over the years The philosophical scene appears for various reasons more complex than ever before The continuing process of specialization in most branches the increasing contact between philosophers from various cultures the emergence of new schools of thought particularly in philosophical logic and in the philosophy of language and ethics and the increasing attention being paid to the history of philosophy in discussions of contemporary problems are the most important contributing factors Surveys of the present kind are a valuable source of knowledge of this complexity The surveys may therefore help to strengthen the Socratic element of modern philosophy the intercultural dialogue or Kommunikationsgemeinschaft So far eight volumes are published in this series viz Philosophy of Language and Philosophical Logic Volume 1 Philosophy of Science Volume 2 Philosophy of Action Volume 3 Philosophy of Mind Volume 4 African Philosophy Volume 5 Medieval Age Philosophy Volume 6 1 and Volume 6 2 Asian Philosophy Volume 7 and Philosophy of Latin America Volume 8 **Frontiers of Islamic Art and Architecture** Gülru Necipoğlu, Julia Bailey, 2008 Muqarnas is sponsored by The Aga Khan Program for Islamic Architecture at Harvard University and the Massachusetts Institute of Technology Cambridge Massachusetts In Muqarnas articles are being published on all aspects of Islamic visual culture historical and contemporary as well as articles dealing with unpublished textual primary sources *Studies in the Islamic Decorative Arts* Robert Hillenbrand, 2019-12-31 Islamic artists channelled their energies not into easel painting and large scale sculpture but rather into what Western scholars obeying a very different hierarchy of art forms rather disparagingly term the decorative arts or even the minor arts In point of fact some of the greatest masterpieces of Islamic art are in the media of ceramics metalwork textiles ivory and glass Often the images they bear express a complex set of meanings for Islam

inherited much material from the iconographic systems of earlier civilizations notably those of the ancient Near East and of the classical world Islam also developed its own distinctive vocabulary of signs and symbols Accordingly questions of iconography and meaning bulk large among the studies gathered together in the present volume These studies written over a period of almost thirty years and taken from a wide variety of published sources deal with aspects of the decorative arts from Spain to India and from the 7th to the 17th century They focus in turn upon ceramics and metalwork on coins carpets and calligraphy and on carving in wood and ivory They are arranged under three headings The first comprises general surveys of the field covering the content of these arts and confronting the challenges they present such as the Islamic approach to three dimensional sculpture The second deals with questions of iconography and meaning while the third comprises a series of studies devoted to specific media such as ivory woodwork and numismatics This volume therefore offers not only a general introduction to some of the problems posed by Islamic art but also readings of key objects in an attempt to explore their meaning and finally an in depth focus on individual objects representing specific genres and media

Qusayr 'Amra Garth Fowden, 2004-09-20 From the stony desolation of Jordan s desert it is but a step through a doorway into the bath house of the Qusayr Amra hunting lodge Inside multicolored frescoes depict scenes from courtly life and the hunt along with musicians dancing girls and naked bathing women The traveler is transported to the luxurious and erotic world of a mid eighth century Muslim Arab prince For scholars though Qusayr Amra probably painted in the 730s or 740s has proved a mirage its concreteness dissolved by doubts about date patron and meaning This is the first book length contextualization of the mysterious monument through a compelling analysis

of its iconography and of the literary sources for the Umayyad period It illuminates not only the way of life of the early Muslim elite but also the long afterglow of late antique Syria
