*The Liturgy of the Medieval Church* Thomas Heffernan, E Ann Matter, 2005-04-01 This volume seeks to address the needs of teachers and advanced students who are preparing classes on the Middle Ages or who find themselves confounded in their studies by reference to the various liturgies that were fundamental to the lives of medieval peoples In a series of essays scholars of the liturgy examine The Shape of the Liturgical Year Particular Liturgies The Physical Setting of the Liturgy The Liturgy and Books and Liturgy and the Arts A concluding essay which originated in notes left behind by the late C Clifford Flanigan seeks to open the field to examine liturgy within the larger and more inclusive category of ritual The essays are intended to be introductory but to provide the basic facts and the essential bibliography for further study They approach particular problems assuming a knowledge of medieval Europe but little expertise in liturgical studies per se    **A History of Prayer** Roy Hammerling, 2008-10-02 Ancient prayers exist in a rich variety of often unexamined forms and so they require a comprehensive study This volume includes diverse scholars who reveal the wondrous breadth of prayerful religious traditions from the first to the fifteenth centuries

### **Bilbo's Birthday and Frodo's Adventure of Faith**

Robert E. Morse, 2002-03 In the form of myth elves orcs men and hobbits become real to every reader of J R R Tolkien s Lord of the Rings Tolkien s pen gave shape to that which can be called evil and presented the mysterious nature of all that is sinister in life for every eye to see More importantly Tolkien has left his readers wondering how he was able to create on a truly cosmic scale Bilbo s Birthday and Frodo s Journey of Faith is a fascinating reading of Tolkien s famous trilogy It extends our understanding of Tolkien the thinker and storyteller to include Tolkien the Christian believer for whom myth was more than poetic fancy it was a symbol of his faith The book sets out the conflict between Tolkien s understanding of the meaning and nature of myth and the theories of other scholars of his time Then it explains how Tolkien used the images associated with certain Greek words commonly used in the time of Augustus The result is a refreshing and different approach that emphasizes Tolkien s personal beliefs while answering questions like Why does Tolkien put so much emphasis on Bilbo s Birthday Party Why does Tolkien stress the hobbit interest in family lines Who is the model for Tom Bombadil Is Odin the only model Tolkien used for Gandalf

### **Giotto and the Arena Chapel**

Laura Jacobus, 2008 This book is divided into two parts the first presenting new evidence and reconstructions of the chapel s design and early history the second offering new interpretations of Giotto s frescoes Appendices present original sources all of which are newly discovered unpublished or previously published in inaccessible editions An outline of the early history of the Scrovegni family and the career of the chapel s patron Enrico Scrovegni introduces the first part of the book It is argued that the chapel s varied functions played an important part in determining the form of the building and the content of its frescoes A complete reconstruction of the appearance of the Arena Chapel at the time of its consecration in 1305 forms the basis for an entirely new understanding of Giotto s frescoes Giotto was the architect of the Arena Chapel architecture and decoration were completely integrated in his

design Changes in the design brief during the period 1300 1305 prevented the full realization of his design Some of the paintings now seen in the Arena Chapel which have always been attributed to Giotto are not in fact by him Several independent masters worked under Giotto s direction He headed a flexibly organized workshop Part II is introduced by a discussion of the frescoes that would be encountered by visitors to the Arena Chapel These frescoes were deliberately placed in these positions by Giotto in order to further a process of luminal transformation upon entry into sacred space Giotto employed radically new compositional devices to evoke correspondences between the pictured protagonists in their fictive environments and viewers in the real environment of the chapel Dr Laura Jacobus research interests cover various aspects of Italian visual culture during the period c 1250 1450 She teaches at Birkbeck University of London
