**Resources in Education** ,2000      **Current Literature** ,1951      *The British National Bibliography* Arthur James Wells,2006      *El-Hi Textbooks in Print* ,1984      *Applying the Roper-Logan-Tierney Model in Practice E-Book* Karen Holland,Jane Jenkins,Jackie Solomon,Sue Whittam,2008-04-08 The eBook version of this title gives you access to the complete book content electronically Evolve eBooks allows you to quickly search the entire book make notes add highlights and study more efficiently Buying other Evolve eBooks titles makes your learning experience even better all of the eBooks will work together on your electronic bookshelf so that you can search across your entire library of Nursing eBooks Please note that this version is the eBook only and does not include the printed textbook Alternatively you can buy the Text and Evolve eBooks Package which gives you the printed book plus the eBook Please scroll down to our Related Titles section to find this title This is a new edition of the highly successful textbook which explores the use of the Roper Logan and Tierney Model of Nursing in practice It underpins nursing care for patients with a variety of health care problems The main focus is on nursing adult patients in acute and community based settings Applying the RLT Model in Practice has been written to enable students and their teachers in both Higher Education and clinical practice to explore the different dimensions of the model through a variety of case studies and exercises The case studies can be viewed as triggers for student problem solving skills in using the Model Many of the exercises are aimed at enabling readers to find evidence to support nursing activities The authors have incorporated an international perspective throughout the text Based on the most popular model used in general nursing care throughout the world Explicitly demonstrates how the RLT model can be used to assess plan deliver and evaluate individualised nursing care Applies the RLT model in the context of today s health services and links it to clinical governance and the multi disciplinary context of care Uses a problem solving approach with extensive use of exercises and case studies Attractive two colour design using boxes tables and summaries Fully updated throughout in line with changes in practice developments in the evidence base changes in the NHS e g modern matrons Modernisation Agency etc More material on how to apply the model in an inter disciplinary context Updated infection control section More on discharge planning More material relating to primary care      *The Voice of the Past* Paul Thompson,Joanna Bornat,2017 Oral history gives history back to the people in their own words And in giving a past it also helps them towards a future of their own making Oral history and life stories help to create a truer picture of the past and the changing present documenting the lives and feelings of all kinds of people many otherwise hidden from history It explores personal and family relationships and uncovers the secret cultures of work It connects public and private experience and it highlights the experiences of migrating between cultures At the same time it can bring courage to the old meaning to communities and contact between generations Sometimes it can offer a path for healing divided communities and those with traumatic memories Without it the history and sociology of our time would be poor and narrow In this fourth edition of his pioneering work fully revised with Joanna Bornat

Paul Thompson challenges the accepted myths of historical scholarship He discusses the reliability of oral evidence in comparison with other sources and considers the social context of its development He looks at the relationship between memory the self and identity He traces oral history through its own past and weighs up the recent achievements of a movement which has become international with notably strong developments in North America Europe Australia Latin America South Africa and the Far East despite resistance from more conservative academics This new edition combines the classic text of *The Voice of the Past* with many new sections including especially the worldwide development of different forms of oral history and the parallel memory boom as well as discussions of theory in oral history and of memory trauma and reconciliation It offers a deep social and historical interpretation along with succinct practical advice on designing and carrying out a project *The Voice of the Past* remains an invaluable tool for anyone setting out to use oral history and life stories to construct a more authentic and balanced record of the past and the present *Australian National Bibliography:*
