BEFORE USING THIS INSTRUMENT, READ BACK COVER FOR FURTHER WARNINGS.

GENERAL DESCRIPTION

Congratulations on your purchase of the Backstage Plus™. Reading this operating guide will help give you a thorough understanding of the operating principles of the Backstage Plus™ and will also help you to achieve many varied and diverse tonal settings.

The Backstage Plus™ is a 35 watt musical instrument amplifier specifically designed for practice, studio and home recording applications. The Backstage Plus™ is also equally effective as a medium-powered system for club work, especially when microphone and/or direct interface with the mixing console is employed.

This amp is a solid state unit containing some of the most unique and flexible circuitry for obtaining a multitude of distortion effects as well as undistorted sounds which are complemented by a full brace of equalization to create almost any imaginable tonal color. The Backstage Plus™ features our new Gain Block™ which consists of three controls: Pre Gain, Saturation™ (U.S. Patent No. 4,405,832), and Post Gain which allows the player total control of the overall texture of harmonic content and overload characteristics by varying the amount of drive of the Pre Gain and Saturation™ controls and finally adjusting the Post Gain to the desired output level.

To make the Backstage Plus™ even more versatile, a headphone jack has been included on the front panel. When the headphone system is in operation, the internal speaker is cut off making a totally private rehearsal possible. The unit also contains a Preamp Out/Power Amp Input jack on the front panel to allow driving external power amps, tape decks, etc., and in-line patching of effects devices.

There are several operating principles concerning the gain controls (Pre Gain/Pull Bright, Saturation™, Post Gain) and equalization controls (Low, Mid, High/Pull Thick) which should be fully understood to achieve the best tonal results. Please read this operating guide and keep it handy and refer to it whenever necessary for your particular applications.
